WALTON'S VERMONT REGISTER AND FARMERS' ALMANAC FOR 1870.

BYAM, CARLETON & CO,

Manufacturers of

FRICTION MATCHES,

Nos. 92, 94, 96, 98, 100 and 102 Friend Street,

BOSTON.

The Manufacture of these Matches was Commenced in 1835.

The quality of these Matches has now been tested for thirty years in every climate, and has withstood the damp and humid atmosphere, where all others have failed. House-keepers always give these Matches the preference. Shippers and Sea-Captains express themselves, after years of trial, in one manner concerning their superiority over all others for exportation.

*** Parlor, Card, Block, Wood and Paper-box Matches always on hand and packed at short notice for shipment.

CLAREMONT:

PRINTED BY THE CLAREMONT MANUFACTURING COMPANY, AND SOLD BY BOOKSELLERS THROUGHOUT THE STATE.

1870.

Vermont & Canada, Vermont Central and Sullivan Railroads.

The Morning Express Train, leaving Boston, arrives at Burlington, St. Albans, Montreal and Ogdensburgh the same evening.

The night Express Train, leaving Boston, arrives at the above named places the next morning.

These Trains connect at Ogdensburgh with Trains and Steamers for Toronto, Detroit, Chicago and the West.

Passengers, leaving New York in the evening, will stop over night at Springfield. Those leaving earlier in the day will make direct connections, arriving at Burlington, St. Albans, Montreal and Ogdensburgh, next morning.

"Tourists" and "Pleasure Seekers"

will find this route unsurpassed for mountain, lake and river scenery. The valleys of the Connecticut, White, and Winooski Rivers abound in delightful mountain and river scenery. Lake Champlain and Lake George present the most beautiful lake scenery that the country affords.

Tourists traveling between Saratoga and the White Mountains, can leave the cars at Waterbury, and visit

Mount Mansfield, the most noted Peak

of the Green Mountains, and find themselves amply repaid by viewing the beautiful scenery from the top of the mountain.

The Splendid Drawing-Room and Sleeping Cars,

which are run upon this Road, are not equaled by any in New England.

The large facilities which this Company have for the transportation of Freight makes it one of the most desirable routes for Local or Through (Western) traffic.

RAILWAY CONNECTIONS AT

Bellows Falls—With Cheshire and Fitchburg Railways for Keene, Fitchburg, Worcester and Boston; and Vermont Valley and Connecticut River Railways for Brattleboro', Springfield, New Haven and New York.

White River Junction—With Connecticut and Passumpsic Rivers Railway for Wells River, St. Johnsbury, Littleton and White Mountains; and Northern (N. H.) Railway for Boston, &c.

A Cough, Cold, or Sore Throat

Requires immediate attention, and should be checked. If allowed to continue,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease

IS OFTEN THE RESULT.

Brown's Bronchial Troches,

Having a direct influence on the parts, give immediate relief.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

the Troches are used with always good success.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before singing or speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

Obtain only "BROWN'S BRONCHIAL TROCHES, and do not take any of the *worthless imitations* that may be offered.

SOLD EVERYWHERE.

AN EFFECTUAL WORM MEDICINE.

BROWN'S VERMIFUGE COMFITS,

Or Worm Lozenges. Much sickness, undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "Vermifuge Comfits," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

Symptoms of Worms in Children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making Brown's "Vermifuge Comfits" is such as to give the best possible effect with safety.

Sold by all dealers in medicines.

Eclipses.

In the year 1870 there will be four Eclipses of the Sun, and two of the Moon.

I. A total Eclipse of the Moon, January 17th, invisible in Vermont. Mean time of ☾ in R. A., 9h 57m morning.

II. A partial Eclipse of the Sun, Jan. 31st, visible to only a small portion of the Earth around the South Pole.

III. A partial Eclipse of the Sun, June 28th. Mean time of ☌ in R. A., 6h 50m evening. Visible from the southern part of Australia and the South Pacific Ocean.

IV. A total Eclipse of the Moon, July 12th. Mean time of ☾ in R. A., 5h 44m evening. The Eclipse will end a few minutes before the time of the Moon's rising in Vermont, consequently invisible.

V. A partial Eclipse of the Sun, July 28th, visible from only a small portion of the Earth near Bherings' Straits.

VI. A total Eclipse of the Sun, Dec. 22d, invisible in Vermont, but visible in the North Atlantic Ocean, the northern part of Africa, the southern part of Europe and the western part of Asia.

Now, in our climate, there is often good sleighing and sledding in March; if that should be the case this year, delay not to finish hauling wood, as there is not the slightest probability of a good run of sleighing in April. And, besides, this very month may not pass without presenting you an opportunity for some "spring work," such as setting trees, sowing grain and even planting early potatoes and peas—plant the latter *deep* if you wish to derive the most advantage from them. Of course you are going to haul out the manure as early as possible.

Refrain your tongue from backbiting, for there is no word in second that shall go for naught.

1	6	5 41	6 27	12 46	0 3 52	4 39	ev 38	7 5	♈	There was a "lingering in the lap of spring" of winter, last year but that's no sign there will be this. A day lost now you will have to run hard to catch again this year. There is no more profitable acre than the garden, if it is what it should be. Uncover your Asparagus beds, dress them well with manure, adding a little salt and fork them well. Put in a few early potatoes, with a good supply of "Champion" peas sprinkled in the bottom of the hill or furrow. Uncover your Strawberry bed—or if you have none to uncover, the sooner you make one the better. Plow deep—deeper this year than last, and next year, than this. You'll find it to pay.

This is decidedly a working month. Before it closes, by hook or by crook, whether it rains or shines, the seed should all be in the ground though none need despair if the corn and beans do necessarily remain out till some of the early days of next month. The grass crop, which is by far the most valuable one in our state, depends mainly upon whether this month is dry or wet, but not entirely. Don't croak, then, let the weather be what it may, for neither seed-time nor harvest will fail those who do their part to use the one and secure the other.

Surely vain are all men by nature, who are ignorant of God.

1	4	4 19	7 36	15 18	11 57 32	22 6	1 54	9 43		Very few varieties would have been hastened at all by earlier planting. No better crops of corn were ever harvested than some from seed planted between the 1st and 5th of June, while, of course, those who like green corn, will continue to plant till the middle of this month and even after. Nine times out of ten, beans will do best, planted in the first part of June. All agree that June is a good time for pruning trees, while some say, prune whenever you have a sharp knife with you. This last is safe advice for *weeds*, substituting hoe for knife, and by all means keep it lively this month.

Turnips will make a good crop if sown any day this month, but the long white should be sown at the very first part. Remember that hoeing is almost as good as rain, in time of drought. Nip off some of the bearing shoots of grapes, leaving but four or five leaves beyond the bunches. Look out for Caterpillars on your trees.

1	2	4 47	7 25	14 39	0 6 4	17 58	3 49	10 5	♎	The haying have been done last month, this month is the time for harvesting grain. Many people consider this the best time for pruning trees—try it, and while you are about it, destroy the Caterpillar's nests. Also, while among your trees, ask yourself whether a few more might not profitably be set next spring, and, if so, send your order *now* to some good nursery. If you have no strawberry bed, carefully setting some plants this month, will secure a good crop next season. Some of the small varieties of turnips may be sown with profit, any day *this* month, but the earlier, the better—and mind, if not pulled this Fall, they may be in the Spring.

When the bright Virgin gives the beauteous days,
And Libra weighs in equal scales the year;
From Heavens high cope the fierce effulgence shook
Of parting Summer, a serener blue,
With golden light enlivened, wide invests
The happy world. Attempered suns arise,
Sweet beamed, and shedding off through lucid clouds
A pleasing calm; while broad and brown, below,
Extensive harvests hang the heavy head.
God loveth none but him that dwelleth with wisdom.

Now fly are bad. Let the water run off the ground. Pots in good months for Chrysanthemums. Apple trees are worth double price of cider for sale. Take care of the cows because hay was plenty last year. Good time to put the manure on the land. Don't waste the fodder. There's no doubt about having eggs for Christmas if you treat the hens well.

1	5	7 16	4 23	9 7	11 49 18	21 52	7 38	0 36	♓	Into these little "waste places" of the Calendar pages we have endeavored to throw together many useful and timely hints which, if acted upon, would be of some benefit to somebody. Doubtless, there is not a new idea in them—it is as true now as it was in the days of Solomon, that there is no new thing under the sun.

LIST OF TOWNS,

Arranged Alphabetically by Counties,

With names of Town Clerks, First Constables, Overseers of the Poor, Town Agents, Superintendents of Schools, Town Treasurers, Selectmen, Listers and Postmasters; to which are added names of Merchants, Manufacturers, Ministers, Lawyers, Physicians, &c., &c.

NOTE.—*A dash (——) is used to separate names having different Post-Office address, in same town. The address is at the head of the paragraph, unless otherwise given. Merchants are supposed to keep a General Assortment, unless otherwise specified.* F. p. t. *signifies facilities for public travel.* W. p. *indicates water power.*

These statistics are obtained, NEW every year, from the Town Clerks, and corrected in the proof sheet, usually, by some other person in the town. They are supposed to be as nearly correct as possible, at the time of going to press.

CIVIL GOVERNMENT OF VERMONT.

A Convention consisting of delegates selected by the freemen of the several towns, declared the Independence of Vermont, Jan. 15, 1777; and by a like convention, the first Constitution was adopted, July 2, of the same year. The Constitution has remained without very material alterations, the chief being the substitution of a Senate of thirty members, apportioned to the several counties according to population, and chosen by a plurality of the freemen of the several counties, in lieu of a Council of twelve members chosen by a plurality of the votes of the State at large.

The frame of Government now provides for: I. The Executive, the chief officers of which are Governor, Lieutenant Governor, and Treasurer, all of whom are elected annually by the freemen of the State. II. A Senate of thirty members, elected as before mentioned. III. A House of Representatives, consisting of one member from each organized town, elected by the freemen thereof. IV. A judiciary, the officers of which are all elective, the Judges of the Supreme Court (who are also Chancellors,) by the Senate and House of Representatives, in joint assembly; the assistant Judges of County Courts, (a judge of the Supreme Court presides in each County Court.) Judges of Probate Courts, Sheriffs, State's Attorneys and High Bailiffs, by the freemen of the respective counties; and Justices of the Peace, by the freemen of the several towns.

The election for State purposes is in September, and a majority of all the votes cast is required to elect every officer, except Senators and other county officers, including in the latter justices of the peace elected by the several towns; but in March, the freemen of each town meet for the transaction of the public business of the town and the election of all town officers, embraced in the list under that head in this Register, and, also a much larger number of officers whose duties are of local interest only. Every term of civil office is limited to one year, or until others are elected, and all elections are therefore annual. The Governor's power of appointment is very limited, embracing ordinarily his Secretary and Military staff only; but he has power to fill any office created by law, where the appointment is not fixed by the constitution or a statute, a case which has rarely occurred; and also to fill any vacancy, occurring by death or otherwise, until the office can be filled in the manner required by the constitution or laws. By a recent statute, the Governor may nominate, subject to approval by the Senate, six members of the Board of Education. The heads of the various State bureaus, except the Treasury, and Generals of Divisions and Brigades, are elected by the Senate and House in joint assembly—the former officers annually, and Generals when vacancies occur.

Officers.

His Excellency, PETER T. WASHBURN, Woodstock, Governor; Ahiman L. Miner, Jr., Manchester, Messenger.

His Honor, GEORGE W. HENDEE, Morristown, Lt. Governor.

JOHN W. MARSH, Springfield, Sec. of Civil and Military Affairs; Henry C. Fisk, Peacham, Messenger.

HISTORY OF THE STATE.

Vermont was first settled by some emigrants from Massachusetts, at Fort Dummer, now Brattleboro', in 1724. It was long claimed both by New York and New Hampshire, and did not become an independent State until the breaking out of the war of the Revolution, nor was her independence as a State acknowledged by New York until March 4, 1791. She was the first new member of the American confederacy added to the original thirteen. The State derives its name from the French, Verts Monts or Green Mountains. It lies between the latitudes of about 42° 44′ and 45°, and has a length from north to south of 157½ miles, and its greatest breadth from east to west is only 85 miles, and its least about 35.

The heights of some of the peaks of Vermont are: Mansfield Mountain, North Peak, 4389 feet; South Peak, 4056; Killington Peak, 4221 feet; Killington Dome (Pico), 3935 feet; Camel's Hump, 4088 feet; Ascutney, 3165 feet.

STATUTE RULE FOR RECKONING INTEREST.

An Act in addition to chapter 79 of the General Statutes, entitled "of money of account and interest."

It is hereby enacted, &c.

Sec. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars for one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

Sec. 2. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest, when payments are made, such payment shall be applied, first to liquidate the interest that has accrued at the time of such payments; and, secondly, to the extinguishment of the principal.

Sec. 3. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest annually, the annual interests that remain unpaid shall be subject to simple interest, from the time they become due to the time of final settlement; but if in any year, reckoning from the time such annual interest began to accrue, payments have been made, the amount of such payments at the end of such year, with interest thereon from the time of payment, shall be applied, first to liquidate the simple interest that has accrued from the unpaid annual interests; secondly, liquidate the annual interests that have become due, and thirdly, to the extinguishment of the principal.

Sec. 4. Nothing in this act shall be so construed as to affect any existing laws relating to banks and banking institutions, nor to notes and contracts existing before the passage of this act.

Sec. 5. This act shall take effect from its passage.

Approved, Nov. 19, 1866.

Receipts by express companies for the delivery of any property for transportation are exempt from stamp duty.

Sales, or contracts for sale of stocks, bonds, foreign exchange, gold and silver bullion, and coin, promissory notes and other securities, when made by brokers, banks, or bankers who pay a special tax, require stamps equal to one cent on every $100; if there is a fraction over $100, the same to be stamped at the full rate of $100; when made by a person, firm, or corporation not paying special tax, for every $100 of value, 05. A memorandum of sale or contract must be made by the seller to the buyer, upon the sale or contract being made, and the stamp affixed thereto.

Exemptions.—No stamp duty shall be required on *powers of attorney* or any other paper relating to *application for bounties, arrearages of pay, or pensions, of the receipt thereof from time to time*; or upon tickets or contracts of insurance when limited to accidental injury to persons; nor on certificates of the measurement or weight of animals, wood, coal, or hay; nor on deposit notes to mutual insurance companies, for the insurance upon which, policies subject to stamp duties have been or are to be issued, nor on any *warrant of attorney* accompanying *a bond or note* when such bond or note shall have affixed thereto the stamp or stamps denoting the duty required; and whenever any bond or note shall be secured by a mortgage, but one stamp duty shall be required to be placed on such papers; nor on any certificate of the record of a deed or other instrument in writing, or of the acknowledgment or proof thereof by attesting witnesses; nor to any endorsement of a negotiable instrument.

Provided, That the stamp duty placed thereon shall be the highest rate required for said instruments, or either of them.

The Penalty for making, signing or issuing any instrument, document or paper of any kind or description; or for accepting or paying a bill of exchange, draft, order or note without the same being duly stamped, with intent to evade the provisions of the law, is a fine of two hundred dollars for each and every offence and the document is invalid and of no effect.

General Remarks.—Instruments are not to be recorded unless properly stamped and cancelled.

No instrument is invalid for the want of the particular kind of stamps designated, provided a legal stamp of equal amount (except proprietary stamps), is duly affixed.

All official instruments, documents; and papers issued or used by officers of the United States government, or by the officers of any State, county or other municipal corporation are exempt.

In cases where an adhesive stamp shall be used for denoting

any duty imposed by this act, the person using or affixing the same, shall write thereon the initials of his name and date upon which the same shall be attached or used, so that the same may not again be used, under a penalty of $50.

Postage stamps cannot be used as revenue stamps.

No deed, instrument, document, writing, or paper, required by law to be stamped, which has been igned or issued without being luly stamped, or with a deficient stamp, nor any copy thereof shall be recorded or admitted, or used as evidence in any court, until a legal stamp or stamps, denoting the amount of tax, shall have been affixed thereto as prescribed by law.

The party to whom a document is issued from a foreign country, or by whom it is to be used. shall, before uslng the same, affix thereon the stamp or stamps indicating the duty required.

POST-OFFICE REGULATIONS. JULY, 1869.

The rate of postage on mail letters, to any part of the United States is three cents a half ounce or fraction thereof. The rate of postage on drop letters, at offices where free delivery by carrier is established, is two cents per half ounce or fraction of a half ounce; at offices where such free delivery is *not* established the rate is one cent. All drop as well as mail letters must be prepaid. Letter postage is to be charged on all handbills, circulars, or other printed matter which shall contain any manuscript writing whatever. Daguerreotypes, when sent in the mail, are to be charged with letter postage, by weight. Photographs on cards, paper, and other flexible material (not in cases) can be sent at the same rate as miscellaneous printed matter, viz., two cents for each four ounces or fraction thereof.

NEWSPAPER POSTAGE. Postage on *Daily Papers* to subscribers, when pre-paid quarterly or yearly in advance, either at the mailing office or office of delivery, per quarter, (three months,) 35 cents; six times per week, per quarter, (3 months,) .30; for tri-weekly, .15; for semi-weekly, .10: for weekly, .05. Weekly newspapers (one copy only) sent by the publisher to actual subscribers within the county where printed and published, *free.*

POSTAGE PER QUARTER (to be paid quarterly or yearly in advance) on NEWSPAPERS and PERIODICALS *issued less frequently than once a week*, sent to actual subscribers in any part of the United States:

Semi-monthly, not over 4 oz., 6 cts.; over 4 oz. and not over 8 oz. 12 cts.; over 8 oz. and not over 12 oz. 18 cts.; Monthly, not over 4 oz. 3 cts.; over 4 oz. and not over 8 oz. 6 cts.; over 8 oz. and not over 12 oz. 9 cts.; Quarterly, not over 4 oz. 1 cent.; over 4 oz. and not over 8 oz. 2 cts.; over 8 oz. and not over 12 oz. 3 cts.;

Quarterly postage cannot be paid for less than *three months.* If a subscription begins at any other time than the commencement of an *official* quarter. Subscribers for short terms—exceeding three months say four or five months—can pay quarterly postage for the actual term of their subscriptions—that is for *one quater* and a third, *one quarter* and two thirds, etc. The law only requires that *at least* one quarter's, postage shall be pre-paid. and not more than one year's postage. Any term between one quarter and one year can therefore be prepaid at proportionate rates.

PUBLISHERS OF NEWSPAPERS AND PERIODICALS may send to each other from their respective offices of publication, free of postage, one copy of each publication, and may send to each actual subscriber inclosed in their publications, bills and receipts for the same, free of postage.

They may also state on their respective publications the date when the subscription expires, to be written or printed.

Religious, Temperance, Educational and Agricultural Newspapers of small size, issued less frequently than once a week, may be sent in packages, to one address, at the rate of one cent for each package not exceeding four ounces in weight, and an additional charge of one cent is made for each additional four ounces or fraction thereof, the postage to be paid quarterly or yearly in advance.

NEWSDEALERS may send newspapers and periodicals to regular subscribers at the quarterly rates, in the same manner as publishers, and may also receive them from publishers at subscribers' rates. In both cases the postage to be prepaid, either at the mailing or delivery office.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, must not be forwarded by postmasters, unless prepaid at the mailing office at the rates of transient printed matter.

POSTAGE ON TRANSIENT PRINTED MATTER.

BOOKS, not over four ounces in weight, to one address, 4 cts.; over four oz. and not over eight oz., 8 cts.; over eight oz. and not over twelve oz., 12 cts.; over twelve oz. and not over sixteen oz., 16 cts.

CIRCULARS, not exceeding three in number, to one address, 2 cts.; over three and not over six, 4 cts.; over six and not over nine, 6 cts.; over nine and not exceeding twelve, 8 cts.;

Exchange newspapers and periodicals cannot be remailed without being chargeable with postage.

Where packages of *newspapers* or *periodicals* are received at any *post office* directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners. But this does not apply to weekly newspapers which circulate free in the county where printed and published.

FRANKING.—Franking is restricted to the president, his private secretary, the vice-president, heads of executive departments, heads of bureaus and chief clerks to be designated by the Postmaster-General, senators and representatives, secretary of senate and clerk of house. Besides these, the commissioner of Education posesses the official privilege; and all copyright books, maps, etc., may be forwarded to the Librarian of Congress, free of postage, provided the words "copyright matter" be plainly written or printed on the package. And postmasters are required to give receipts for such packages if required. Certain Revenue officers, also, besides those mentioned in the section above named, possess the privilege as an official trust, as follows: Assessors may frank on official business to Assessors, to assistant Assessors, and to Collectors; Assistant Assessors may only frank to Assessors. Collectors may frank to collectors, Deputy Collectors and Assessors; Deputy Collectors may frank only to Collectors. No communication, official or otherwise, from these officers to private citizens can be sent free. The Act of March 1, 1869 relating to franking, makes no change in the privilege, but merely enacts that the signature of the franking party must be written, and not printed. DOCUMENTS from officers to their several departments, marked official, also go free; also PETITIONS to Congress. The weight of franked matter must not exceed four ounces per package, save Congress books, &c.

FOREIGN POSTAGE—On letters to England or Ireland, 12 cents, prepaid, subject to a fine of five cents additional if not prepaid; on newspapers 2 cents, prepaid. To Canadian provinces, on letters six cents, p-

prepaid, and ten cents if unpaid or insufficiently paid—payment to be in U. S. postage stamps—not in money; On newspapers 2 cents, prepaid. For rates and routes to other foreign countries, inquire at your post office, as the rates, by different routes, to the same destination, vary greatly.

French Newspaper!

A PLEASANT AND EASY WAY TO LEARN FRENCH.

Ladies and Gentlemen, anxious to learn French, studying or knowing it already, will find in the reading of the

PROTECTEUR CANADIEN

the very best opportunity to acquire or retain a thorough knowledge of that language, without which the most accomplished scholars, professional men and travellers in European countries, find themselves sadly deficient. The dryness and the subsequent tediousness, inherent to the study of a foreign language in books, are removed from the student, who finds in the perusal of his French Journal, fresh, amusing and exciting news, which act on his mind and will as a continual incentive to study; he likes to read and consequently reads much and with profit. Moreover, as the editor has studied for many years in Paris, his language is not only pure, but his paper is replete with many French Bons Mots, mostly taken from the Parisian Press. The "Protecteur Canadien" is published every Thursday at St. Albans, Vermont. Terms, payable in advance, $2.50 a year or $1.50 for six months.

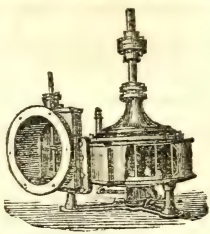
TYLER IMPROVED

Turbine Water Wheel.

Patented in 1855, 1856, 1858, 1864 and 1866.



THE CHEAPEST, BEST AND MOST RELIABLE WATER WHEEL IN EXISTENCE.

There are more than 3000 of these wheels now running, driving all kinds of machinery, in every State and Territory and in the Canadas. They have been longer in operation than any other iron wheel, and are the only ones that have stood the test under all circumstances and for all uses. The Patentee has thousands of certificates, from the largest manufacturers and mill-owners in America, testifying to their superiority over all other wheels.

REGULATORS, SHAFTING, GEARING, HANGERS, PULLEYS, SMUT-MILLS, FRENCH BURR MILL-STONES, FRENCH ANCHOR BOLTING-CLOTHS AND WIRE-CLOTHS,

FURNISHED TO ORDER.

Having had thirty years' experience as a Millwright, Mr. TYLER will Locate all kinds of Mills, make Plans and Specifications, and furnish capable Foremen for building the same, on reasonable terms.

☞ Parties ordering Wheels should be particular to state the way they wish them to run—with or against the sun; head and fall; the quantity of water the stream affords, and the kind and amount of machinery they wish to drive.

All orders for Wheels, &c., should be addressed to the Patentee and Manufacturer,

JOHN TYLER, West Lebanon, N. H.

SHOULD HAVE.

From the Syracuse Journal.

"The fact is, APPLETONS' JOURNAL occupies a field all to itself nearer to the popular heart, appealing not only to the judgment and intellect, but to the sense of the beautiful and the good. That must be a high and noble plan which places into every man's-hand something worthy of the name beautiful, and which stirs within him the nobler, better feelings which become blunted and seared all over by the busy, anxious cares of daily labor."

PUBLISHERS' WORDS TO THEIR PATRONS.

WALTON'S VERMONT REGISTER has now attained the fifty-third year of its age. Very few who first read it, as men, are now living. One copy of its earlier numbers is in possession of the present publishers. *They* are among thos to whom it has been a familiar friend ever since their boyhood. But, along with the changes in men and things, the Register has changed. The paper on which the aforesaid number is printed would hardly be accepted as good dry goods wrapping now, and the type then used would bear a poor comparison even with that used in the medical almanacs of the present day.

But, our particular business now, is to call attention to the improvements in the present issue over all other numbers.

Disclaiming all intention of claiming *perfection* in any part, whether in typography, in arrangement or in press work and binding, we yet claim that, for a book sold at the wonderfully low price at which it is sold, it contains a vast amount of matter and gives evidence of a great amount of labor in its compilation.

The prominent improvements, which will strike the eye of the purchaser or reader, as he turns its pages over, are the following:

The pages are all surrounded with a neat border line. The names of Justices of the Peace are thrown into separate paragraghs for each town, instead of having a whole county in a paragraph. The Business Directory has been arranged in counties so that one can hardly help seeing his near neighbors while he is looking at himself, and also so that persons out of the State may gain a more definite idea of localities. The names of the towns have been set in "full face" type—some improvement has been made in classifying the business men, and more is intended.

Information has been gathered and inserted with reference to the means of access to each town and mineral springs, ore beds and water power have been recorded. In order to afford the most ample means for finding every town in the State, two whole pages are occupied by an alphabatical list of all the towns in the State with their counties and the page on which their business directory may be found.

And particular attention is asked to the full INDEX OR

TABLE OF CONTENTS on the 172d page; by consulting which, any subject in the book may be readily referred to—and there are few subjects interesting to a Vermonter which are not touched upon.

A word about the Business Directory—yes, more than a word. Very few persons are aware to what an expense of time and labor we are put to obtain the information contained therein. That there are a great many inaccuracies therein, is not our fault. *The report of each and every town has been referred to a prominent man therein, generally a merchant or postmaster, within one month previous to the day of publication.* When the proofs have come back in season, corrections have been made, in every instance. We cannot go to every town ourselves, neither can we *pay* for the reports and sell the Register for any reasonable price. As it is, the Business Directory costs us more than any other portion of the book. It will be found more full, this year, than ever before, and, we trust, more accurate.

The improvements which we have mentioned, and others which will appear to every careful observer, together with the fact that some of our type got distributed before we had got through with it, must be our apology for not getting the Register out in better season. Providence permitting, and the Legislature adjourning in reasonable time next year, we propose to publish on the first day of December.

Hoping for pardon for our past deficiencies and promising to endeavor to improve—hoping also that each old friend of the Register will continue to the end, and that it may find a multitude of new ones among the "coming men"—returning our thanks anew, not only to our patrons, but, especially to those who have so kindly, and, in some cases, so often aided us in our labors of compilation, we once more lay our work before the good people of the old Green Mountain State and heartily wish each and every one of them a HAPPY NEW YEAR.

THE PUBLISHERS.

Claremont, N. H., Dec. 31, 1869.

P. S. It is the expectation of the publishers that the Register will be for sale by every dealer in the State, immediately after its issue, in each year, but if any person, in or out of the State should not be able otherwise to supply himself, twenty cents sent to them, will always secure one by return mail—the New Hampshire Register included for forty cents.

WORCESTER'S

ROYAL QUARTO DICTIONARY.

The Standard among Scholars.

Hon. George P. Marsh, our Minister at the Court of Florence, said of the above at the time of its issue, in 1860:

"The principal points to be aimed at in a hand-dictionary are—accuracy in orthography and orthoepy; the written and spoken forms of words; precision and distinctness in definition; fulness in vocabulary, and truth in historical etymology. The work of Dr. Worcester is unquestionably much superior to any other general dictionary of the language in every one of these particulars, and it is therefore entitled to rank first among the existing helps to a complete knowledge of English philology."

"Worcester's orthography and pronunciation represent, so far as I am aware, the most approved usage of our language."—HON. EDWARD EVERETT.

GREEN MOUNTAIN
Balm of Gilead and Cedar Plaster.

This wonderful Plaster has had a local reputation for several years past, and is universally acknowledged to be the best Plaster ever known. It being compounded from the choicest Gum Resins of the Green Mountain State, consisting of BALM OF GILEAD, CEDAR, HEMLOCK, SPRUCE, FIR, &c., so combined as to produce a healthy counter-irritant, by dissipating soreness, and extracting the coagulated poisonous impurities of the system. It is unequalled in removing

Pain, Internal Inflammation, curing Lameness, Cramp, Pains in the Side, Rheumatism, Weak and Lame Backs, Old Sores, Boils, Corns, Freezes, Chilblains, Fresh Wounds, Burns and Scalds, Cracked Hands, External Ulcers, Kidney Complaints,

And occasional Sores of most kinds, or any other complaint where a plaster may be used with any prospect of success. Its medicinal properties and remedial action are immeasurably greater than those of any other plaster in use, The most scrupulous care is bestowed on the superiority and freshness of the ingredients used in its manufacture. By its general introduction, while the Proprietor admits that he is benefited by the sale, he also seeks to confer a public benefit, being convinced that its power as an alleviating and curative remedy, in the forms of disease to which it is adapted, is unequalled; and with this conviction commits it to public trial.

Try it—only 25 cents per Roll.

MANUFACTURED AT APOTHECARIES HALL, WINDSOR, VT.

M. K. PAINE, Proprietor.

Sold by wholesale and retail dealers in Drugs and Medicines generally. Burr & Perry, Carter & Wiley, Geo. C. Goodwin & Co., Weeks & Potter, and Rust Brothers & Bird, Boston: W. F. Phillips & Co., Portland, Maine; John F. Henry, 8 College Place, New York; and Henry & Co., Burlington, Vt., Wholesale Agents.

Windsor, Vt., May 18, 1869.

To whom it may concern:—From an acquaintance of nearly twenty years with Mr. M. K. Paine, as an apothecary, druggist and Pharmaceutist, I am able to speak in the strongest terms of commendation of his great skill in the departments above-mentioned; as also of the scrupulous care with which he compounds all his preparations from materials of known purity. EDW. E. PHELPS, M. D., LL. D.

From a long acquaintance with Mr. M. K. Paine, as a practical druggist and apothecary, I have no hesitation in recommending any article of his manufacture he may offer to the public.

A Cough, Cold, or Sore Throat

Requires immediate attention, and should be checked. If allowed to continue,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease

IS OFTEN THE RESULT.

Brown's Bronchial Troches,

Having a direct influence on the parts, give immediate relief.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

the Troches are used with always good success.

"Troches," so called, sold by the ounce, are a poor imitation and nothing like **BROWN'S BRONCHIAL TROCHES,** which are sold only in boxes with fac-simile of the proprietors, on the outside wrapper of box, and private government stamp attached to each box.

This care in putting up the Troches is important as a security to the purchaser in order to be sure of obtaining the genuine Brown's Bronchial Troches.

Owing to the good reputation, extensive use and popularity of the *Troches*, many worthless and cheap imitations are offered in boxes, *which are good for nothing.* Ask for and OBTAIN the *true* BRONCHIAL TROCHES, which, by long experience, have proved their value, having received the sanction of physicians generally, and testimonials from eminent men throughout the country. Do not be deceived by those who make a larger profit by selling worthless imitations. We would caution dealers, selling the various imitations offered by unprincipled manufacturers, as sellers of an article violating our trade-mark, and as liable to prosecution as the makers.

The title "*Bronchial Troches*" is our trade-mark, and entered according to Act of Congress, in the year 1856, by John I. Brown & Son, in the Cierk's Office of the District Court of the District of Massachuset.

BUSINESS DIRECTORY.

The following pages contain the names of every town in the State, alphabetically arranged—the name of the *County* being given in each case—with the names of Town Officers, Professional Men, Merchants, Manufacturers, Hotel Keepers, Express and Telegraph Agents, R. R. Stations, &c. &c., also systematically arranged.

NOTE.—*A dash (——) is used to separate names having different P. O. address, though belonging to the same town. If the address is not particularly given, it is that at the beginning of the paragraph.* Physicians *are understood to be allopathic unless otherwise designated.* Merchants *not classified are supposed to keep a general assortment.* Justices of the Peace *will be found in the list of County Officers, elsewhere.*

All these statistics are obtained, new and direct, every year and the utmost pains is taken to have them correct at the time of going to Press, but the publishers will be thankful for any seasonable corrections or valuable suggestions from any person who feels sufficient interest to make them. Particular attention is called to what we have to say for ourselves in the Editorial—SEE INDEX.

CIVIL GOVERNMENT OF VERMONT.

A Convention, consisting of delegates selected by the freemen of the several towns, declared the Independence of Vermont, Jan. 15, 1777; and by a like convention, the first Constitution was adopted, July 2, of the same year. The Constitution has remained without very material alterations, the chief being the substitution of a Senate of thirty members, apportioned to the several counties according to population, and chosen by a plurality of the freemen of the several counties, in lieu of a Council of twelve members chosen by a plurality of the votes of the State at large; and, in 1870, a change from annual to biennial State elections and meetings of the Legislature.

The frame of Government now provides for: I. The Executive, the chief officers of which are Governor, Lieutenant Governor, and Treasurer, all of whom are elected biennially by the freemen of the State. II. A Senate of thirty members, elected as before mentioned. III. A House of Representatives, consisting of one member from each organized town, elected by the freemen thereof. IV. A judiciary, the officers of which are all elective, the Judges of the Supreme Court (who are also Chancellors,) by the Senate and House of Representatives, in joint assembly; the assistant Judges of County Courts, (a judge of the Supreme Court presides in each County Court), Judges of Probate Courts, Sheriffs, State's Attorneys and High Bailiffs, by the freemen of the respective counties; and Justices of the Peace, by the freemen of the several towns.

The election for State purposes is in September, and a majority of all the votes cast is required to elect every officer, except Senators and other county officers, including in the latter justices of the peace elected by the several towns; but in March, the freemen of each town meet for the transaction of the public business of the town and the election of all town officers, embraced in the list under that head in this Register, and also a much larger number of officers whose duties are of local interest only. Every term of town office is limited to one year, or until others are elected, and all town elections are therefore annual. The Governor's power of appointment is very limited, embracing ordinarily his Secretary and Military staff only; but he has power to fill any office created by law, where the appointment is not fixed by the constitution or a statute, a case which has rarely occurred; and also to fill any vacancy, occurring by death or otherwise, until the office can be filled in the manner required by the constitution or laws. By a recent statute, the Governor may nominate, subject to approval by the Senate, six members of the Board of Education. The heads of the various State bureaus, except the Treasury, and Generals of Divisions and Brigades, are elected by the Senate and House in joint assembly—the former officers biennially, and Generals when vacancies occur.

HISTORY OF THE STATE.

Vermont was first settled by some emigrants from Massachusetts at Fort Dummer, now Brattleboro', in 1724. It was long claimed both by New York and New Hampshire, and did not become an independent State until the breaking out of the war of the Revolution, nor was her independence as a State acknowledged by New York until March 4, 1791. She was the first new member of the American confederacy added to the original thirteen. The State derives its name from the French, Verts Monts or Green Mountains. It lies between the latitudes of about 42° 44′ and 45°, and has a length from north to south of 157½ miles, and its greatest breadth from east to west is only 85 miles, and its least about 35.

MOUNTAINS OF VERMONT.

The heights of some of the peaks of Vermont are: Mansfield Mountain, North Peak, 4389 feet; South Peak, 4056; Killington Peak, 4221 feet; Killington Dome (Pico), 3935 feet; Camel's Hump, 4088 feet; Ascutney, 3165 feet.

AMENDMENT OF THE CONSTITUTION.

In May, 1870, the constitution of Vermont was so amended as to provide for biennial elections, and meetings of the General Assembly

STATUTE RULE FOR RECKONING INTEREST.

An Act in addition to chapter 79 of the General Statutes, entitled "of money of account and interest."

It is hereby enacted, &c.

Sec. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars for one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

Sec. 2. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest, when payments are made, such payment shall be applied, first to liquidate the interest that has accrued at the time of such payments; and, secondly, to the extinguishment of the principal.

Sec. 3. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest annually, the annual interests that remain unpaid shall be subject to simple interest, from the time they become due to the time of final settlement; but if in any year, reckoning from the time such annual interest began to accrue, payments have been made, the amount of such payments at the end of such year, with interest thereon from the time of payment, shall be applied, first to liquidate the simple interest that has accrued from the unpaid annual interests; secondly, liquidate the annual interests that have become due, and thirdly, to the extinguishment of the principal.

Sec. 4. Nothing in this act shall be so construed as to affect any existing laws relating to banks and banking institutions, nor to notes and contracts existing before the passage of this act.

Sec. 5. This act shall take effect from its passage.

Approved, Nov. 19, 1866.

For wax tapers, double the rates herein imposed upon friction or lucifer matches; on cigar-lights, made in part of wood, wax, glass, paper, or other materials, in parcels or packages containing 25 lights or less in each parcel or package, .01; when in parcels or packages containing more than 25 and not less than 50 lights, .02; for every additional 25 lights or fractional part of that number, 1 cent additional.

Playing Cards.—For and upon every pack, not exceeding 52 cards in number, irrespective of price or value, 05.

Canned Meats, &c.—For and upon every can, bottle, or other single package, containing meats, shell-fish, fruits, vegetables, sauces, sirups, prepared mustard, jams or jellies contained therein, and packed or sealed, made, prepared, and sold, or offered for sale, or removed for consumption in the United States, on and after the first day of October, 1866, when such can, bottle, or other single package, with its contents, shall not exceed two pounds in weight, .01; where such can, bottle, or other single package, with its contents, shall exceed 2 pounds in weight, for every additional pound or fractional part thereof, .01.

Exemptions.—No stamp duty shall be required on *powers of attorney* or any other paper relating to *application for bounties, arrearages of pay, or pensions, or to the receipt thereof from time to time*; or upon tickets or contracts of insurance when limited to accidental injury to persons; nor on certificates of the measurement or weight of animals, wood, coal, or hay; nor on deposit notes to mutual insurance companies, for the insurance upon which policies subject to stamp duties have been or are to be issued; nor on any certificate of the record of a deed or other instrument, or acknowledgment thereof; nor on any endorsement or *warrant of attorney* accompanying *a bond or note* when such bond or note shall have affixed thereto the stamp or stamps denoting the duty required; and whenever any bond or note shall be secured by a mortgage, but one stamp duty shall be required to be placed on such papers; nor on any certificate of the record of a deed or other instrument in writing, or of the acknowledgment or proof thereof by attesting witnesses; nor to any endorsement of a negotiable instrument.

Provided, That the stamp duty placed thereon shall be the highest rate required for said instruments, or either of them.

Penalties.—For forging, counterfeiting, or misusing stamps, not exceeding $1000 or five years imprisonment; for omission to affix stamps, $50 for every omission; for evasion of payment of

duties in schedule, $100 and forfeiture of goods chargeable; payment or negotiation of unstamped foreign bill of exchange, $200; for fraudulent claim of draw-back, triple the amount claimed or $500, at the election of the Secretary of the Treasury; sales with intent to defraud invalid, and any sum paid is a forfeit to the use of the United States; for conspiring to commit fraud, not less than $1000, and imprisonment for two years.

General Remarks.—Instruments are not to be recorded unless properly stamped and cancelled.

No instrument is invalid for the want of the particular kind of stamps designated, provided a legal stamp of equal amount (except proprietary stamps), is duly affixed.

All official instruments, documents, and papers issued or used by officers of the United States government, or by the officers of any State, county or other municipal corporation are exempt.

In cases where an adhesive stamp shall be used for denoting any duty imposed by this act, the person using or affixing the same, shall write thereon the initials of his name and date upon which the same shall be attached or used, so that the same may not again be used, under a penalty of $50.

Postage stamps cannot be used as revenue stamps.

No deed, instrument, document, writing, or paper, required by law to be stamped, which has been signed or issued without being duly stamped, or with a deficient stamp, nor any copy thereof, shall be recorded or admitted, or used as evidence in any court, until a legal stamp or stamps, denoting the amount of tax, shall have been affixed thereto as prescribed by law.

The party to whom a document is issued from a foreign country, or by whom it is to be used, shall, before using the same, affix thereon the stamp or stamps indicating the duty required

Allowance and Drawback.—There shall be an allowance or drawback on all articles on which any internal duty or tax shall have been paid, except raw or unmanufactured cotton, crude petroleum or rock oil, refined coal oil, naphtha, benzine or benzole, distilled spirits, manufactured tobacco, snuff, and cigars of all descriptions, bullion, quicksilver, lucifer or friction matches, cigar-lights, and wax tapers, equal in amount to the duty or tax paid thereon, and no more, when exported, the evidence that any such duty or tax has been paid to be furnished to the satisfaction of the Commissioner of Internal Revenue by such person or persons as shall claim the allowance or drawback, and the amount to be ascertained under such regulatoins as shall, from time to time, be prescribed by the Commissioner of Internal Revenue, under the direction of the Secretary of the Treasury, and the same shall be paid by the warrant of the Secretary of the Treasury on the Treasurer of the United States, out of any money arising from internal duties not otherwise appropriated: *Provided*, That no allowance of drawback shall be made or had for any amount claimed or due less than ten dollars, any thing in this act to the contrary notwithstanding: *And provided further*, That any certificate or drawback for goods exported, issued in pursuance of the provisions of law, may, under such regulations as may be prescribed by the Secretary of the Treasury, be received by the collector or his deputy in payment of duties under this act. And the Secretary of the Treasury may make such regulations with regard to the form of said certificates and the issuing thereof, as, in his judgment, may be necessary: *And provided further*, That no claim for drawback on any articles of merchandise exported prior to June 30th, 1864, shall be allowed unless presented to the Commissioner of Internal Revenue within

three months after this amendment takes effect.

Income, what to include.—In estimating the gains, profits, and income of any person, there shall be included all income derived from any kind of property, rents, interest received or accrued upon all notes, bonds and mortgages, or other forms of indebtedness bearing interest, whether paid or not, if good and collectable; interest upon notes, bonds, or other securities of the United States; and the amount of all premium on gold and coupons; the gains, profits, and income of any business, profession, trade, employment, office, or vocation; including any amount received as salary or pay for services in the civil, military, naval, or other service of the United States, or as Senator, Representative, or Delegate, in Congress; except that portion thereof from which, under authority of acts of Congress previous hereto, a tax of five per centum shall have been withheld; the share of any person of the gains and profits, whether divided or not, of all companies, or partnerships, but not including the amount received from any corporations whose officers, as authorized by law, withhold and pay as taxes a per centum of the dividends made, and of interest or coupons paid by such corporations; profits realized within the year from sales of real estate purchased within two years previous to the year for which income is estimated; the amount of sales of live stock, sugar, wool, butter, cheese, pork, beef, mutton or other meats, hay and grain, fruits, vegetables or other productions, being the growth or produce of the estate of such person, but not including any part thereof consumed directly by the family; and all other gains, profits, and income drawn from any source whatever, but not including the rental value of the homestead used or occupied by any person or by his family.

Income Exemptions—Exemption of Shakers, &c.—Military or naval pensions allowed to any person under the laws of the United States, and the sum of $2000 of the gains, profits, and income of any person, shall be exempt from said income tax, in the manner hereinafter provided. Only one deduction of $2000 shall be made from the aggregate income of all the members of any family composed of one or both parents and one or more minor children, or of husband or wife; but when a wife has by law a separate income, beyond the control of her husband, and is living separate and apart from him, such decuction shall then be made from her income, gains, and profits; and guardians and trustees shall be allowed to make the deduction in favor of each ward or beneficiary, except that in case of two or more wards or beneficiaries comprised in one family, having joint property interest, only one deduction shall be made in their favor. For the purpose of allowing said deduction from the income of any religious or social community, holding all their property and the income therefrom, jointly and in common, each five of the persons composing such society, and any remaining fractional number of such persons less then five over such groups of five, shall be held to constitute a family, and a deduction of $2000 shall be allowed for each of said families. Any taxes on the incomes, gains and profits of such societies now due and unpaid, shall be assessed and collected according to this provision, except that the deduction shall be only $1000 for any year prior to 1870.

Additional Exemptions.—In addition to the exemptions provided in the preceding section, there shall be deducted from gains, profits, and income of any person, all national, State, county, and municipal taxes paid by him within the year, whether such person be owner, tenant, or mortgager; all his losses actually sustained during the year arising from fires,

floods, shipwreck, or incurred in trade, and debts ascertained to be worthless, but excluding all estimated depreciation of values; the amount of interest paid during he year, and the amount paid for rent or labor to cultivate land, or to conduct any other business from which income is derived; the amount paid for the rent of the house or premises occupied as a residence for himself or his family, and the amount paid out for usual and ordinary repairs. No deduction shall be made for amount paid out for new buildings, permanent improvements, or betterments made to increase the value of any property or estate.

Duties of Persons subject to Income Tax.—It shall be the duty of every person of lawful age, whose gross income during the preceding year exceeded $2000, to make and render a return, on or before the day designated by law, to the assistant assessor of the district in which he resides, of the gross amount of his income, gains, and profits as aforesaid; but not including the amount received from any corporation whose officers, as authorized by law, withhold and pay as taxes a per centum of the dividends made and of the interest or coupons paid by such corporation, nor that portion of the salery or pay received for services in the civil, milltary, naval, or other service of the United States, or as senator, representative, or delegate in Congress, from which tax has been deducted, nor the wages of minor children not received; and every guardian and trustee, executor and administrator, and any person acting in any other fiduciary capacity, or as resident agent for, or co-partner of, any non-resident alien, deriving income, gains, and profits from any business, trade, or profession carried on in the United States, or from rents of real estate situated therein, shall make and render a return as aforesaid to the assistant assessor of the district in which he resides, of the amount of income, gains, and profits of any minor or person for whom he acts. The assistant assessor shall require every such return to be verified by the oath of the party rendering it, and may increase the amount of any return, after notice to such party, if he has reason to believe that the same is understated. In case any person having a gross income as above, of $2000 or more, shall neglect or refuse to make and render such return, or shall render a false or fraudulent return, the assessor or assistant assessor shall make such return, according to the best information he can obtatn by the examination of said person, or of his books or accounts, or by any other evidenee, and shall add, as a penalty, to the amount of the tax due thereon, fifty per centum in all cases of willful neglect or refusel to make and render a return, and one hlndred per centum in all cases of a false or fraudulent return having been rendered. The tax and the addition thereto as penalty shall be assessed and collected in the manner provided for in cases of willful neglect or refusal to render a return, or of rendering a false or fraudulent return. But no penalty shall be assessed upon any person for such neglect or refusal, or for making or rendering a false or fraudulent return, except after reasonable notice of the time and place of hearing, to be regulated by the Commissioner of internal revenue, so as to give the person charged an opportunity to be heard: *Provided*, That no collector, deputy collector, assessor, or assistant assessor shall permit to be published in any manner such income returns, or any part thereof, except such general statistics, not specifying the names of individuals or firms, as he may make public, under such rules and regulations as the Commissioner of Internal Revenue shall prescribe.

POST-OFFICE REGULATIONS. JULY, 1869.

The rate of postage on mail letters, to any part of the United States, is three cents a half ounce or fraction thereof. The rate of postage on drop letters, at offices where free delivery by carrier is established, is two cents per half ounce or fraction of a half ounce; at offices where such free delivery is *not* established the rate is one cent. All drop as well as mail letters must be prepaid. Letter postage is to be charged on all handbills, circulars, or other printed matter which shall con-

tain any manuscript writing whatever. Daguerreotypes, when sent in the mail, are to be charged with letter postage, by weight. Photographs on cards, paper, and other flexible material (not in cases) can be sent at the same rate as miscellaneous printed matter, viz., two cents for each four ounces or fraction thereof.

NEWSPAPER POSTAGE. Postage on *Daily Papers* to subscribers, when pre-paid quarterly or yearly in advance, either at the mailing office or office of delivery, per quarter, (three months,) 35 cents; six times per week, per quarter, (3 months,) .30; for tri-weekly, .15; for semi-weekly, .10; for weekly, .05. Weekly newspapers (one copy only) sent by the publisher to actual subscribers within the county where printed and published, *free.*

POSTAGE PER QUARTER (to be paid quarterly or yearly in advance) on NEWSPAPERS and PERIODICALS *issued less frequently than once a week*, sent to actual subscribers in any part of the United States:

Semi-monthly, not over 4 oz., 6 cts.; over 4 oz. and not over 8 oz. 12 cts.; over 8 oz. and not over 12 oz. 18 cts.; Monthly, not over 4 oz. 3 cts.; over 4 oz. and not over 8 oz. 6 cts.; over 8 oz. and not over 12 oz. 9 cts.; Quarterly, not over 4 oz. 1 cent.; over 4 oz. and not over 8 oz. 2 cts.; over 8 oz. and not over 12 oz. 3 cts.;

Quarterly postage cannot be paid for less than *three months.* If a subscription begins at any other time than the commencement of an *official* quarter. Subscribers for short terms—exceeding three months nay four or five months—can pay quarterly postage for the actual term of their subscriptions—that is for *one quarter* and a third, *one quarter* and two thirds, etc. The law only requires that *at least* one quarter's postage shall be pre-paid, and not more than one year's postage. Any term between one quarter and one year can therefore be prepaid at proportionate rates.

PUBLISHERS OF NEWSPAPERS AND PERIODICALS may send to each other from their respective offices of publication, free of postage, one copy of each publication, and may send to each actual subscriber inclosed in their publications, bills and receipts for the same, free of postage. They may also state on their respective publications the date when the subscription expires, to be written or printed.

Religious, Temperance, Educational and Agricultural Newspapers of small size, issued less frequently than once a week, may be sent in packages, to one address, at the rate of one cent for each package not exceeding four ounces in weight, and an additional charge of one cent is made for each additional four ounces or fraction thereof, the postage to be paid quarterly or yearly in advance.

NEWSDEALERS may send newspapers and periodicals to regular subscribers at the quarterly rates, in the same manner as publishers, and may also receive them from publishers at subscribers' rates. In both cases the postage to be prepaid, either at the mailing or delivery office.

Publications issued without disclosing the office of publication, or containing a fictitious statement thereof, must not be forwarded by postmasters, unless prepaid at the mailing office at the rates of transient printed matter.

POSTAGE ON TRANSIENT PRINTED MATTER.

BOOKS, not over four ounces in weight, to one address, 4 cts.; over four oz. and not over eight oz., 8 cts.; over eight oz. and not over twelve oz., 12 cts.; over twelve oz. and not over sixteen oz., 16 cts.

CIRCULARS, not exceeding three in number, to one address, 2 cts.; over three and not over six, 4 cts.; over six and not over nine, 6 cts.; over nine and not exceeding twelve, 8 cts.;

Exchange newspapers and periodicals cannot be remailed without being chargeable with postage.

Where packages of *newspapers* or *periodicals* are received at any *post office* directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners. But this does not apply to weekly newspapers which circulate free in the county where printed and published.

FRANKING.—Franking is restricted to the president, his private secretary, the vice-president, heads of executive departments, heads of bureaus and chief clerks to be designated by the Postmaster-General, senators and representatives, secretary of senate and clerk of house. Besides these, the commissioner of Education posesses the official privilege; and all copyright books, maps, etc., may be forwarded to the Librarian of Congress, free of postage, provided the words "copyright matter" be plainly written or printed on the package. And postmasters are required to give receipts for such packages if required. Certain Revenue officers, also, besides those mentioned in the section above named, possess the privilege as an official trust, as follows: Assessors may frank on official business to Assessors, to assistant Assessors, and to Collectors; Assistant Assessors may only frank to Assessors. Collectors may frank to collectors, Deputy Collectors and Assessors; Deputy Collectors may frank only to Collectors. No communication, official or otherwise, from these officers to private citizens can be sent free. The Act of March 1, 1869, relating to franking, makes no change in the privilege, but merely enacts that the signature of the franking party must be written, and not printed. DOCUMENTS from officers to their several departments, marked official, also go free; also PETITIONS to Congress. The weight of franked matter must not exceed four ounces per package, save Congress books, &c.

FOREIGN POSTAGE—On letters to England or Ireland, 12 cents, prepaid, subject to a fine of five cents additional if not prepaid; on newspapers 2 cents, prepaid. To Canadian provinces, on letters six cents, if prepaid, and ten cents if unpaid or insufficiently paid—payment to be in U. S. postage stamps—not in money; On newspapers 2 cents, prepaid. For rates and routes to other foreign countries, inquire at your post office, as the rates, by different routes, to the same destination, vary greatly.

THE PUBLISHERS

TO THEIR FRIENDS AND PATRONS IN VERMONT.

We offer the present volume of The Vermont Register, Farmer's Almanac and Business Directory to you, with confidence, as one compiled with more care than any of its predecessors. We not only have not room to speak of the *points* in which it excels, but it is, perhaps, as well that you should discover them for yourselves.

We will say, however, that if the Business Directory is not more complete and accurate than ever before, it is not our fault. It has never cost us so much labor and expense. We are sorry there is any fault about it, and do not know that we have any right to charge any on anybody but ourselves. We have, as usual, been greatly helped by various persons in procuring facts, and to them we return, not only for ourselves, but for our patrons, sincere thanks; and if *all* who have had a chance had been as *prompt* and accurate as *many* have been, there would have been nothing left to desire in point of accuracy and completeness—that is all we care to say about it, except that we trust that those who *buy* and read our little manual will be as willing to give us credit for what we *have* done, as those who *borrow* it will be to find fault with what we have *not*.

Very truly yours,

The C. M. Co.

AYER'S
HAIR VIGOR,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. FADED OR GRAY HAIR IS SOON RESTORED TO ITS ORIGINAL COLOR WITH THE GLOSS AND FRESHNESS OF YOUTH. Thin hair is thickened. Falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of soiling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a glossy lustre and a grateful perfume.

RAILROADS.

The Morning Express Train, leaving Boston, arrives at Burlington, St. Albans, Montreal and Ogdensburgh the same evening.

The night Express Train, leaving Boston in the evening, arrives at the above named places the next morning.

These Trains connect at Ogdensburgh with Trains and Steamers for Toronto, Detroit, Chicago and the West.

Passengers, leaving New York in the evening, will stop over night at Springfield. Those leaving earlier in the day will make direct connections, arriving at Burlington, St. Albans, Montreal and Ogdensburgh, next morning. TOURISTS AND PLEASURE SEEKERS will find this route unsurpassed for mountain, lake and river scenery. The valleys of the Connecticut, White, and Winooski Rivers abound in delightful mountain and river scenery. Lake Champlain and Lake George present the most beautiful lake scenery that the country afford.

Tourists traveling between Saratoga and the White Mountains, can leave the cars at Waterbury, and visit

Mount Mansfield, the most noted Peak

of the Green Mountains, and find themselves amply repaid by viewing the beautiful scenery from the top of the mountain.

The Splendid Drawing-Room and Sleeping Cars,

which are run upon this Road, are not equaled by any in New England.

The large facilities which this company have for the transportation of Freight makes it one of the most desirable routes for Local or Through (Western) traffic.

THE GREAT WANT SUPPLIED.

A New Water Pipe.

A cheap, healthful, durable, and flexible metal pipe for conducting water into dwellings, to be used for drinking and cooking. This pipe can be had at 20 PER CENT. LESS IN COST than LEAD PIPE of the same strength, and 10 PER CENT LESS THAN GALVANIZED IRON PIPE of the same bore, and transportation will cost but one half. Satisfactory testimony can be given that water conducted by this pipe maintains its natural purity, which cannot be said of water carried through Lead or Galvanized Iron pipes. This pipe can be worked and soldered by Plumbers the same as lead pipe.

Samuel R. Percy, M. D., Professor of Chemistry, 47 West 38th Street, New York, reports, after testing the Composite Metal Pipe in connection with Lead Pipe, and Galvanized Iron Pipe, that the COMPOSITE METAL PIPE is decidedly the best to be used where PURE WATER is needed for drinking and cooking; and that the use of water carried through the COMPOSITE PIPE cannot be injurious to health in any way.

D. D. Parmalee, M. D., Practical and Analytical Chemist, 265 Broadway, writes: "I have had specimens of your COMPOSITE METAL PIPE in my possession now ONE YEAR, and have made frequent examinations of its action on WATER, with special reference to its usefulness for conducting water for DOMESTIC USE. These experiments have been made not only on equal lengths and calibres of the COMPOSITE METAL PIPE and Lead Pipe, filled with water and examined at intervals, but also on equal areas of surfaces of sheets of each metal immersed in like quantities of WATER. The analysis of the waters, and close examinations of the COMPOSITE METAL compared with those of others, are so favorable to it, that, taking into consideration all the risks and liabilities attending the manufacture and use of many other pipes in popular use for carrying water, the COMPOSITE METAL PIPE is much less objectionable than any of them; and I would therefore use and recommend it to be used for domestic purposes in preference to any other metal pipe in popular use known to me."

The Metal of which this Pipe is made is the same as Britannia Metal, but of a lower grade, and the pipe being made of ONE METAL of great strength, it does not contract, expand, or sag under the influence of hot water. The purity and strength of this pipe makes it valuable above any other pipe in use, for bringing water from long distances, and for PUMP pipe which is always immersed in the water.

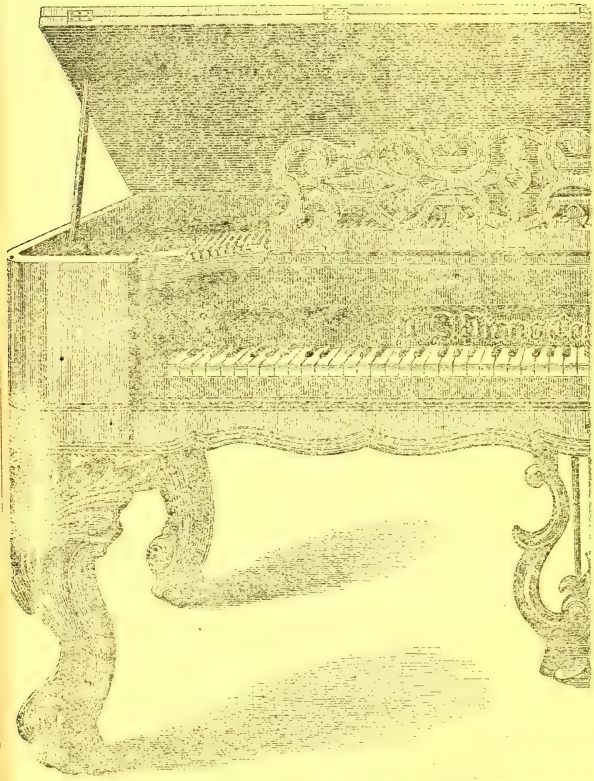
ORIENTAL & AMERICAN STOVE WORKS, Albany, N. Y.



The above presents a section of our Pianos. We shall be most
ppy to mail free our full cut and circulars to all applicants. The
ublishers of this Register can vouch for the virtues of our Pianos.
the Foreman of their Paper Mill is using one in his family.
ease refer to the Claremont Manufacturing Co., Claremont, N. H.

We have entered the field, as manufacturers, on a basis entirely different from all others. We now manufacture but one style. Our reason for this is simply to prevent confusion. We add everything to our Piano that can possibly contribute to its virtues, either in regard to its musical qualities, or to its external appearance. We do not know how money or skill can add to its excellence. We believe it to be fully equal to any Piano now made in the known world at any price. It has no puzzling or wonderful whims. It has seven octaves, and possesses every substantial improvement to be found in all first-class Pianos. Nothing is neglected down to the minutest detail. We formerly used the Agraffe, but we have abandoned it, from the fact that time proves it a failure.

Our cases are veneered with rosewood all over—the rim, both inside and out, to prevent injury from unequal contraction and expansion from the atmosphere. The foundation upon which we veneer is ash. The legs are of white wood, the same as all first-class carved legs—grained in imitation of rosewood. Solid rosewood cannot be carved smoothly—nor can the carvings be veneered. We use the French grand action with top dampers—and the hammers in our treble are covered with the best imported leather. Our keys are of the finest ivory used by any maker, and have ivory fronts. The length of the instrument is 6 feet 9¾ inches, and its width 3 feet 4 inches, and its weight, boxed, is 955 pounds. It has front round corners, serpentine bottom, and the entire instrument is accurately represented in our engraving.—We warrant every Piano for five years, and we refer to the Security Bank, of the City of New York, for our responsibility.—We have adopted the terms on the principle that pianos are a great staple article, which would come into far more general use if good instruments could be had at a reasonable profit. We have already made a success of our enterprise, with a constantly increasing business. We sell our Pianos for **$290.** No extra charge for boxing and shipping. We will forward a Piano to any part of the country, for ten days' trial, provided we receive the certificate of any responsible business firm in the United States that $290 has been deposited with them to our credit if the Piano proves satisfactory after ten days' trial. If the Piano is not satisfactory, we have no claim on the money, if the Piano is returned to us with all freight charges paid.

Many concerns charge as high as $600, and even more, for instruments of this class. Thos. V. Cooper, Esq., of the firm of Vernon & Cooper, Publishers of the Delaware County *American*, at Media, Penna., writes us:—

Media, Penna., Oct. 29th, 1870.

United States Piano Co.:—Dear Sirs: The Piano safely arrived, and has been on trial several days. It is in all respects satisfactory. The tone is rich, full, and sweet; the keys easily manipulated, and in every respect it compares favorably with two $600 Steinways now in use in this town. The same opinion is entertained by my neighbors, among whom it creates great admiration. My partner Dr. Vernon, will, after the first of the year, wish to purchase one.

Yours truly, THOMAS V. COOPER.

Pittston, Penna., Oct. 18th, 1870.

United States Piano Co.:—Gents: The Piano you sent came, and was put up on the 10th instant. I went up and saw Mr. Miller, the President of the Bank at Tunkhannock, and learned since that J. B. Jones, of Exeter, also has one of your Pianos. Persons who have tried mine, universally prefer it to the $600 Philadelphia Piano, that stood by the side of it. Enclosed please find $290.

Yours, etc., Dr. A. KNAPP.

Montrose, Penna., Oct. 18, 1870.

United States Piano Co.:—Dear Sirs: Your Piano arrived a week ago this afternoon, in good condition. Since that time we have used it daily, and have become satisfied that it is what you recommend it to be. I, therefore, herewith enclose you a draft for $290, the price you advertised in the *Scientific American*, the receipt of which please acknowledge at your earliest convenience.

I am, Sirs, respectfully yours, J. F. SHOEMAKER.

Address or apply to the UNITED STATES PIANO CO. No. 645 Broadway, New York.

With due respect to all makers and dealers, we feel compelled to say that there is no great staple article of manufacture at the present day in which there is so little system and so much unfair dealing as in pianos. This is all wrong, and however much we may excite the indignation and remonstrance of our rivals, we hazard everything on the principle of right; feeling as we do that an article so closely interwoven with the purest and most useful pleasures of domestic life should be placed within reach of all at the lowest possible extreme of profit.—The difficulty lies in the enormous commissions allowed to dealers. The commissions on the majority of all pianos amount to more than the cost of manufacture. Many dealers, who sell only four or five pianos a year, support their families out of the commissions. It would be better for such men, and for the community, if they would give their energies to something more worthy of their abilities than supporting this unjust system of commissions. Are we not contributing to the elevation of society and humanity, in thus breaking up this notorious system of double prices?—Whether you buy a piano or not, we want your hearty co-operation and influence in this good work. It is a labor of usefulness well worthy the efforts of all good citizens, to aid us in breaking up this great wrong on the whole public; and when the people and community at large have discovered how they have been duped, and it is not too harsh to say, *robbed*, out of their money, they will rise in one grand mass of indignation, and sweep out of existence the miserable practices of the present day in regard to prices, and then we shall find the piano everywhere.—It will gladden the fireside of the honest mechanic, as well as the halls of the millionaire; and who can tell the multiplicity of blessings that will thus result to society? The piano will become as common as the kitchen cook-stove, when the extortion and falsehood and swindling of the present day can be overthrown. We do not come to you begging for patronage. We by no means urge a sale or a trial. It is sufficient pleasure to know that there is certain to bring our reserve, without misrepresentation or artifice. We believe we have the gratitude of every person who has ever bought a piano of us, and we firmly believe that we shall be the means of revolutionizing the whole business. It is inevitable. For we are certainly thoroughly established, and already realizing sufficient patronage to sustain us beyond all question, and every day brings increased business and new victories and triumphs from all parts of the country. If you can give us the reference of any bank, that the money will be promptly paid after ten days' trial (provided the Piano is satisfactory), we will not require you to make a deposit when you send the order. But we wish it distinctly understood that we can take no chances of getting prompt payment. This question must be settled to our entire satisfaction before we can ship a piano to any one.—We have the commercial reports, and we know the responsibility of every business concern in the United States; so if you are in business, we have the means of knowing your responsibility; and if you are not in business, we can tell in a moment whether your references are responsible or not. We must have references who are thoroughly established and well known in business. It makes no difference what part of the United States you or your references live in, if the parties are well-established in business.—If you want time, you must send us a first-class endorsed note, bearing interest, and one per cent. for collection. The endorsement must be by first-class business firms. The note may be made payable at your own bank, and must not exceed ninety days; and must in all cases accompany the order. We will not send a Piano on trial and then take a note. But if the Piano is returned to us at the end of ten days' trial, with all freight-charges paid, we will return the note.

We refer to parties in different parts of the country who are using our Pianos:—

Many of these towns have several of our Pianos. There are eight of our instruments in the little village of Tunkhannock, Pa.—We respectfully refer the entire public to all who are using our Pianos: we could with our money buy the certificates of all the great Professors; but how hollow and worthless are such testimonials compared to the domestic homes where Pianos are used, tried and tested! Our stronghold is upon the people. We rely wholly upon the tried virtues of our Pianos. Every one of our instruments works its own way, and fights its own battle away in distant States, where we have no paid hirelings, and nothing to see save us but the sterling worth of our Pianos in the face and eyes of the severest criticisms, and surrounded by the powerful yet powerless horde of Agents who receive enormous commissions on all the Pianos of our competitors. We have been triumphant in every instance without exception. We have never had a Piano returned to us; and we cannot close our remarks. We repeat, we have nothing to urge in your decision; we leave the whole matter to your own reason. If you wish a Piano sent for trial, you must make the matter of reference and payment unquestionable; and, if the instrument in any respect is inferior to any Piano made in the known world at any price, you may send it back to us at the end of ten days' trial, instead of paying for it. If you order a Piano sent, we have one request to make, and that is, that the trial shall be by parties who are not interested in other Pianos.

BROWN'S BRONCHIALS

Have stood the test of years, and are considered the best preparation for the cure of all diseases of the Bronchial Tubes, ever offered to the public—such as Coughs, Colds, Asthma, Sore Throat, Hoarseness, &c. Clergymen, Public Speakers and Singers will find them an excellent preparation for clearing the voice, and for hoarseness caused by over exertion of the vocal organs.

BROWN'S TEETHING CORDIAL,

Is for children, and was gotten up by one of the best Physicians in the country. Every bottle is warranted to give satisfaction, and sells for only twenty-five cents a bottle; It really keeps children healthy and makes Mothers happy.

BROWN'S FLUID EXT. BUCHU,

Is intended as a Family Medicine, and no "well regulated family" will be without it, after having tried it and proved its efficiency in the cure of all diseases of the Kidneys and Urinary organs. It is a powerful diuretic, composed of Buchu, combined with Cubebs, Juniper, Uva Ursi, Spirits of Nitre, &c., and the combination is perfect. Give it a trial.

N. K. Brown's Aromatic Ess. Jamaica Ginger,

Is made from the best selected Jamaica Ginger Root. Great pains are taken in its preparation, and it is guaranteed to be all right. As a gentle tonic, it is much better than Alcoholic Stimulants of any kind.

The above Medicines are for sale by all respectable Druggists.

Use Dr. Johnson's Calisaya Bitters, when your Appetite fails.

ADVERTISEMENTS.

DOWNS' ELIXIR.

When the chilling winds of winter
Howl amid the leafless branches,
When from out the North the Storm Kin
Marches with his snowy Banners,—
And with fierce and sudden conquest
Lays all summer dead before him:
Every flower and every leaflet
He lays stark and dead before him;
And the singing birds of summer
Fly away from all the Northland,
Where the air seems full of arrows,
Full of sharp and stinging arrows
That will pierce us, if we venture
But to step outside the doorway,
Then Consumption, fell destroyer,
Sallies forth to seek his victims.

Coughs and Colds are his forerunners,
Marking where success is easy;
And, where these are not resisted
But allowed to hold possession,
There Consumption, gaunt and ghastly,
Soon will make his dread appearance,
And will seize his hapless victims.

Would you have a *sure* protection
From this foe, so justly dreaded?
A protection so unfailing
That you need not fear his visits?
Go and Buy some **DOWNS' ELIXIR,**
Some real N. H. Downs' Elixir;
Made from all most healing Balsams
Found in all the Northern forests,—
Balsams of the Pine and Fir tree:
Made in Burlington—a city
Standing near the Champlain waters;
At one hundred twenty-seven,
Very near the head of Church Street,
By the firm of HENRY & JOHNSON,
Medicine men, well known to many:
And for sale at every Drug Store
Throughout all the frozen Northland.

'Tis a safe and sure protection,
Go and buy it, and be happy.

* Erroneous: these persons were set down as slaves by mistake. The Marshall returned them in fact, as in fact they were, as *Free Blacks*. The first Constitution of Vermont, 1777, excluded Slavery.

HISTORY OF THE STATE.

Vermont was first settled by some emigrants from Massachusetts, at Fort Dummer, now Brattleboro', in 1724. It was long claimed both by New York and New Hampshire, and did not become an independent State until the breaking out of the war of the Revolution, nor was her independence as a State acknowledged by New York until March 4, 1791. She was the first new member of the American confederacy added to the original thirteen. The State derives its name from the French, Verts Monts or Green Mountains. It lies between the latitudes of about 42° 44' and 45°, and has a length from north to south of 157½ miles, and its greatest breadth from east to west is only 85 miles, and its least about 35.

MOUNTAINS OF VERMONT.

The heights of some of the peaks of Vermont are: Mansfield Mountain, North Peak, 4389 feet; South Peak, 4056; Killington Peak, 4221 feet; Killington Dome (Pico), 3935 feet; Camel's Hump, 4088 feet; Ascutney, 3165 feet.

AMENDMENT OF THE CONSTITUTION.

In May, 1870, the Constitution of Vermont was so amended as to provide for biennial elections, and meetings of the General Assembly.

CIVIL GOVERNMENT OF VT.—Oct. 1870 to Oct. 1872.

A Convention consisting of delegates selected by the freemen of the Several towns, declared the Independence of Vermont, Jan. 15, 1777; and by a like convention, the first Constitution was adopted, July 2, of the same year. The Constitution has remained without very material alterations, the chief being the substitution of a Senate of thirty members, apportioned to the several counties according to population, and chosen by a plurality of the freemen of the several counties, in lieu of a Council of twelve members chosen by a plurality of the votes of the State at large; and, in 1870, a change from annual to biennial State elections and meetings of the Legislature.

The frame of Government now provides for; I. The Executive, the chief officers of which are Governor, Lieutenant Governor, and Treasurer, all of whom are elected biennially by the freemen of the State. II. A Senate of thirty members, elected as before mentioned. III. A House of Representatives, consisting of one member from each organized town, elected by the freemen thereof. IV. A judiciary, the officers of which are all elective, the Judges of the Supreme Court (who are also Chancellors), by the Senate and House of Representatives, in joint assembly; the assistant Judges of County Courts, (a judge of the Supreme Court presides in each County Court), Judges of Probate Courts, Sheriffs, State's Attorneys and High Bailiffs, by the freemen of the respective Counties; and Justices of the Peace by the freemen of the several towns.

The election for State purposes is in September, and a majority of all the votes cast is required to elect every officer, except Senators and other county officers, including in the latter justices of the peace elected by the several towns; but in March, the freemen of each town meet for the transaction of the public business of the town and the election of all town officers, embraced in the list under that head in this Register, and also a much larger number of officers whose duties are of local interest only. Every term of town officers is limited to one year, or until others are elected, and all town elections are therefore annual. The Governor's power of appointment is very limited, embracing ordinarily his Secretary and Military Staff only; but he has power to fill any office created by law, where the appointment is not fixed by the constitution or a statute, a case which has rarely occurred; and also to fill any vacancy occurring by death or otherwise, until the office can be filled in the manner required by the constitution or laws. By a recent statute, the Governor may nominate, subject to approval by the Senate, six members of the Board of Education. The heads of the various State bureaus, except the Treasury, and Generals of Divisions and Brigades, are elected by the Senate and House in joint assembly—the former officers biennially, and Generals when vacancies occur.

IMPORTANT TO VERMONTERS.

It may not be generally known, to the inhabitants of this State, that a very important work for all business men to have, and especially for those of the Legal Profession, in Vermont, is nearly out of print. We refer to AIKEN'S PRACTICAL FORMS, first published in Windsor, by Simeon Ide, and the balance of the edition now being in the hands of the Publishers of this Register. "A word to the wise."

COUNTY OFFICERS—1871-72.

Complaints being sometimes made that names are retained in the list of Justices after the persons have died or removed, we shall ask the Town Clerks, hereafter, to correct this part as well as the list of Town Officers, &c.

STATE FINANCES—1870-71.

Under the new system of biennial sessions of the Legislature, no provision is made for annual reports of State officers, and the promulgation thereof; therefore as, in one respect, a remedy for this serious defect—that is, for public information—we give the following Financial Statement from the accounts of the State Treasurer.

RESOURCES OF THE TREASURY FOR THE FISCAL YEAR TO AUG. 1, 1871.

State bonds in Treasury, September 1870,		*$43,000 00

Amount to credit of Sinking Fund,	177,849 73	
Less amount borrowed for current expenses,	38,746 61	139,103 12
		$1,042,281 37
Balance due on State Tax of 1870, uncollected to date, is,		7,050 32

In the item of current liabilities and resources, the Treasury is in debt, as compared with last year, $124,319.34 more than then, which is explained by the fact that during the year the funded debt of the State has been reduced from $1,045,500
to the sum of 547,500

showing an actual reduction of $498,000

As the outstanding bonds due June 1st, last, are provided for and transferred to account of current liabilities, $24,500

This deducted from the above, leaves $473,500
the amount charged in the treasurer's account.

The funded debt of the State as it now stands will mature as follows:

Dec. 1, 1874, - - - - - - -	$117,500
Dec. 1, 1876, - - - - - - -	204,500
Dec. 1, 1878, - - - - - - -	90,000
June 1, 1890, - - - - - - -	135,500

As the bonds due in 1890 are all embraced in the Agricultural College Fund, of which the State is Trustee, for all practical purposes they are provided for, which being deducted from the total amount, leaves to be provided for between now and 1878, $412,000, which can be done by embracing in our annual tax a small sum each year over and above the amount necessary for our current expenses, and thus we may anticipate being out of debt at no distant day, and that too without imposing upon our people any grievous burthens.

STATUTE RULE FOR RECKONING INTEREST.

An Act in addition to chapter 79 of the General Statutes, entitled "of money of account and interest."

It is hereby enacted, &c.

SEC. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars for one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

SEC. 2. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest, when payments are made, such payments shall be applied, first to liquidate the interest that has accrued at the time of such payments; and, secondly, to the extinguishment of the principal.

SEC. 3. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest annually, the annual interests that remain unpaid shall be subject to simple interest, from the time they become due to the time of final settlement; but if in any year, reckoning from the time such annual interest began to accrue, payments have been made, the amount of such payments at the end of such year, with interest thereon from the time of payment, shall be applied, first to liquidate the simple interest that has accrued from the unpaid annual interests; secondly, liquidate the annual interests that have become due, and thirdly, to the extinguishment of the principal.

SEC. 4. Nothing in this act shall be so construed as to affect any existing laws relating to banks and banking institutions, nor to notes and contracts existing before the passage of this act.

SEC. 5. This act shall take effect from its passage.

Approved, Nov. 19, 1866.

And the Secretary of the Treasury may make such regulations with regard to the form of said certificates and the issuing thereof, as, in his judgment, may be necessary: *And provided further*, That no claim for drawback on any articles of merchandise exported prior to June 30th, 1864, shall be allowed unless presented to the Commissioner of Internal Revenue within

three months after this amendment takes effect.

Income, what to include.—In estimating the gains, profits, and income of any person, there shall be included all income derived from any kind of property, rents, interest received or accrued upon all notes, bonds and mortgages, or other forms of indebtedness bearing interest, whether paid or not, if good and collectable; interest upon notes, bonds, or other securities of the United States; and the amount of all premium on gold and coupons; the gains, profits, and income of any business, profession, trade, employment, office, or vocation; including any amount received as salary or pay for services in the civil, military, naval, or other service of the United States, or as Senator, Representative, or Delegate, in Congress; except that portion thereof from which, under authority of acts of Congress previous hereto, a tax of five per centum shall have been withheld; the share of any person of the gains and profits, whether divided or not, of all companies, or partnerships, but not including the amount received from any corporations whose officers, as authorized by law, withhold and pay as taxes a per centum of the dividends made, and of interest or coupons paid by such corporations; profits realized within the year from sales of real estate purchased within two years previous to the year for which income is estimated; the amount of sales of live stock, sugar, wool, butter, cheese, pork, beef, mutton or other meats, hay and grain, fruits, vegetables or other productions, being the growth or produce of the estate of such person, but not including any part thereof consumed directly by the family; and all other gains, profits, and income drawn from any source whatever, but not including the rental value of the homestead used or occupied by any person or by his family.

Income Exemptions—Exemption of Shakers, &c.—Military or naval pensions allowed to any person under the laws of the United States, and the sum of $2000 of the gains, profits, and income of any person, shall be exempt from said income tax, in the manner hereinafter provided. Only one deduction of $2000 shall be made from the aggregate income of all the members of any family composed of one or both parents and one or more minor children, or of husband or wife; but when a wife has by law a separate income, beyond the control of her husband, and is living separate and apart from him, such deduction shall then be made from her income, gains, and profits; and guardians and trustees shall be allowed to make the deduction in favor of each ward or beneficiary, except that in case of two or more wards or beneficiaries comprised in one family, having joint property interest, only one deduction shall be made in their favor. For the purpose of allowing said deduction from the income of any religious or social community, holding all their property and the income therefrom, jointly and in common, each five of the persons composing such society, and any remaining fractional number of such persons less then five over such groups of five, shall be held to constitute a family, and a deduction of $2000 shall be allowed for each of said families. Any taxes on the incomes, gains and profits of such societies now due and unpaid, shall be assessed and collected according to this provision, except that the deduction shall be only $1000 for any year prior to 1870.

Additional Exemptions.—In addition to the exemptions provided in the preceding section, there shall be deducted from gains, profits, and income of any person, all national, State, county, and municipal taxes paid by him within the year, whether such person be owner, tenant, or mortgager; all his losses actually sustained during the year arising from fires,

floods, shipwreck, or incurred in trade, and debts ascertained to be worthless, but excluding all estimated depreciation of values; the amount of interest paid during the year, and the amount paid for rent or labor to cultivate land, or to conduct any other business from which income is derived; the amount paid for the rent of the house or premises occupied as a residence for himself or his family, and the amount paid out for usual and ordinary repairs. No deduction shall be made for amount paid out for new buildings, permanent improvements, or betterments made to increase the value of any property or estate.

Duties of Persons subject to Income Tax.—It shall be the duty of every person of lawful age, whose gross income during the preceding year exceeded $2000, to make and render a return, on or before the day designated by law, to the assistant assessor of the district in which he resides, of the gross amount of his income, gains, and profits as aforesaid; but not including the amount received from any corporation whose officers, as authorized by law, withhold and pay as taxes a per centum of the dividends made and of the interest or coupons paid by such corporation, nor that portion of the salary or pay received for services in the civil, military, naval, or other service of the United States, or as senator, representative, or delegate in Congress, from which tax has been deducted, nor the wages of minor children not received; and every guardian and trustee, executor and administrator, and any person acting in any other fiduciary capacity, or as resident agent for, or co-partner of, any non-resident alien, deriving income, gains, and profits from any business, trade, or profession carried on in the United States, or from rents of real estate situated therein, shall make and render a return as aforesaid to the assistant assessor of the district in which he resides, of the amount of income, gains, and profits of any minor or person for whom he acts. The assistant assessor shall require every such return to be verified by the oath of the party rendering it, and may increase the amount of any return, after notice to such party, if he has reason to believe that the same is understated. In case any person having a gross income as above, of $2000 or more, shall neglect or refuse to make and render such return, or shall render a false or fraudulent return, the assessor or assistant assessor shall make such return, according to the best information he can obtain by the examination of said person, or of his books or accounts, or by any other evidence, and shall add, as a penalty, to the amount of the tax due thereon, fifty per centum in all cases of wilful neglect or refusal to make and render a return, and one hundred per centum in all cases of a false or fraudulent return having been rendered. The tax and the addition thereto as penalty shall be assessed and collected in the manner provided fol- in cases of willful neglect or refur sal to render a return, or of rendering a false or fraudulent return. But no penalty shall be assessed upon any person for such neglect or refusal, or for making or rendering a false or fraudulent return, except after resonable notice of the time and place of hearing, to be regulated by the Commissioner of internal revenue, so as to give the person charged an opportunity to be heard: *Provided*, That no collector, deputy collector, assessor, or assistant assessor shall permit to be published in any manner such income returns, or any part thereof, except such general statistics, not specifying the names of individuals or firms, as he may make public, under such rules and regulations as the Commissioner of Internal Revenue shall prescribe.

POST-OFFICE REGULATIONS.—JULY, 1869.

The rate of postage on mail letters, to any part of the United States, is three cents a half ounce or fraction thereof. The rate of postage on drop letters, at offices where free delivery by carrier is established, is two cents per half ounce or fraction of a half ounce; at offices where such free delivery is *not* established the rate is one cent. All drop as well as mail letters must be prepaid. Letter postage is to be charged on all handbills, circulars, or other printed matter which shall con-

tain any manuscript writing whatever. Daguerreotypes, when sent in the mail, are to be charged with letter postage by weight. Photographs on cards, paper, and other flexible material (not in cases) can be sent at the same rate as miscellaneous printed matter, viz., two cents for each four ounces or fraction thereof.

NEWSPAPER POSTAGE. Postage on *Daily Papers* to subscribers, when pre-paid quarterly or yearly in advance, either at the mailing office or office of delivery, per quarter, (three months,) 35 cents; six times per week. per quarter, (3 months,) 30; for tri-weekly, .15; for semi-weekly, .10; for weekly .05. Weekly newspapers (one copy only) sent by the publisher to actual subscribers within the county where printed and published, *free*.

POSTAGE PER QUARTER (to be paid quarterly or yearly in advance) on NEWSPAPERS and PERIODICALS *issued less frequently than once a week*, sent to actual subscribers in any part of the United States:

Semi-monthly, not over 4 oz., 6 cts.; over 4 oz. and not over 8 oz. 12 cts.; over 8 oz. and not over 12 oz. 18 cts.; Monthly, not over 4 oz. 3 cts.; over 4 oz. and not over 8 oz. 6 cts.; over 8 oz. and not over 12 oz. 9 cts.; Quarterly, not over 4 oz. 1 cent.; over 4 oz. and not over 8 oz. 2 cts.; over 8 oz. and not over 12 oz, 3 cts.;

Quarterly postage cannot be paid for less then *three months*. If a subscription begins at any other time than the commencement of an *official* quarter. Subscribers for short terms—exceeding three months say four or five months—can pay quarterly postage for the actual term of their subscriptions—that is for *one quarter* and a third *one quarter* and two thirds, etc. The law only requires that *at least* one quarter's postage shall be pre-paid, and not more than one year's postage. Any term between one quarter and one year can, therefore, be prepaid at proportionate rates.

PUBLISHERS OF NEWSPAPERS AND PERIODICALS may send to each other from their respective offices of publication, free of postage, one copy of each publication, and may send to each actual subscriber inclosed in their publications, bills and receipts for the same, free of postage. They may also state on their respective publications the date when the subscription expires, to be written or printed.

Religious, Temperance, Educational and Agricultural Newspapers of small size, issued less frequently than once a week, may be sent in packages, to one address, at the rate of one cent for each package not exceeding four ounces in weight, and an additional charge of one cent is made for each additional four ounces or fraction thereof, the postage to be paid quarterly or yearly in advance.

NEWSDEALERS may send newspapers and periodicals to regular subscribers at the quarterly rates, in the same manner as publishers, and may also receive them from publishers at subscribers' rates. In both cases the postage to be prepaid, either at the mailing or delivery office.

Publications issued without disclosing the office of publication, or containing a fictitious stetement thereof, must not be forwarded by postmasters, unless prepaid at the mailing office at the rates of transient printed matter.

POSTAGE ON TRANSIENT PRINTED MATTER.

BOOKS, not over four ounces in weight, to one address, 4 cts; over four oz. and not over eight oz., 8 cts.; over eight oz. and not over twelve oz., 12 cts.; over twelve oz. and not over 16 oz., sixteen cts.

CIRCULARS, not exceeding three in number, to one address, 2 cts.; over three and not over six, 4 cts.; over six and not over nine, 6 cts.; over nine and not exceeding twelve, 8 cts.

Exchange newspapers and periodicals cannot be remailed without being chargeable with postage.

Where packages of *newspapers* or *periodicals* are received at any *post office* directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance , shall be handed to the postmaster, he shall deliver the same to their respective owners. But this does not apply to weekly newspapers which circulate free in the county where printed and published.

FRANKING.—Franking is restricted to the president, his private secretary, the vice-president, heads of executive departments, heads of bureaus and chief clerks to be designated by the Postmaster-General, senators and representatives, secretary of senate and clerk of house. Besides these, the commissioner of Education posesses the official privilege; and all copyright books, maps, etc., may be forwarded to the Librarian of Congress, free of postage, provided the words "copyright matter" be plainly written or printed on the package. And postmasters are required to give receipts for such packages if required. Certain Revenue officers, also, besides those mentioned in the section above named, possess the privilege as an official trust, as follows: Assessors may frank on official business to Assessors, to assistant Assessors, and to Collectors; Assistant Assessors may only frank to Assessors. Collectors may frank to collectors, Deputy Collectors and Assessors; Deputy Collectors may frank only to Collectors. No communication, official or otherwise, from these officers to private citizens can be sent free. The Act of March 1, 1869, relating to franking, makes no change in the privilege, but merely enacts that the signature of the franking party must be written, and not printed. DOCUMENTS from officers to their several departments, marked official, also go free; also PETITIONS to Congress. The weight of franked matter must not exceed four ounces per package, save Congress books, &c.

FOREIGN POSTAGE—On letters to England or Ireland, 12 cents, prepaid, subject to a fine of five cents additional if not prepaid; on newspapers 2 cents, prepaid. To Canadian provinces, on letters six cents, if prepaid, and ten cents if unpaid or insufficiently paid—payment to be in U. S. postage stamps—not in money; On newspapers 2 cents, prepaid. For rates and routes to other foreign countries, inquire at your post office, as the rates, by different routes, to the same destination, vary greatly.

Many errors occur by persons not observing the following regulations in depositing letters, papers, or miscellaneous publications (not franked) for mailing:

Prepayment by stamps required on all letters to places within the United States. Full prepayment by stamps required on all transient printed matter, foreign and domestic. All matters conveyed by mail westward beyond the western boundary of Kansas, and eastward from the eastern boundary of California, except one newspaper to a *bona-fide* subscriber, and franked matter, must be prepaid at letter rates.

Valuable letters for any part of the United States, Canada, Great Britain, Holland, the Italian States, or States of the German-Austrian Postal Union, will be registered on application at the office.

Important to Authors.

Book copy, whether printed or written, and Proof sheets may be sent by mail, between Authors, Editors or Compilers and their Printers or Publishers, at the rate of two cents for every four ounces or fractional part thereof. The publishers add this note because from their familiarity with authors they have reason to think many are ignorant of such a benevolent provision.

The Publishers of this Register are also Publishers of a New Hampshire Register on the same plan, and also of several Books of a valuable character, which, on account of their having retired from the general book and stationery jobbing and retailing business they are obliged to sell through other dealers or by means of mail orders.

But they mention this here only to call more general attention to the fact that they have *not* ceased to be Publishers and Paper and Book Manufacturers, but still offer their services, as such, to all who need or may need them.

The character of their work is too well known to need remark. It is their steadfast endeavor to do everything *well*, and in competition with others, while they will not knowingly take a job at less than the fair worth of the work, they will at all times work as low as others who regard quality, and as much lower as their superior facilities of machinery and power may, in special cases, enable them to.

They are continually contracting with *Authors* who desire to be their own publishers, and at this time particularly invite correspondence with such. It is an important consideration that they do everything pertaining to the making of a book *under one roof*. They are not only the Proprietors of, but give personal supervision to the Paper-mill which furnishes nearly all the paper which they use. This saves those who employ them in book making the trouble of hunting up paper—and the same is true of book binding—doing the whole, there is nothing for customers to do but give their order for so many books, at a stipulated price, and receive them like any other merchandise, knowing what they will cost, without any extras or additions.

BY THE PUBLISHERS.

Walton's Vermont Register has now reached its fifty-fifth year. The Publishers send forth the present number with the feeling that not only has more labor been bestowed upon it than upon any previous one, but that the labor has not been bestowed in vain. There is not room, on this page, to speak, at length, of all the improvements which have been made, but only to allude to a few of the more prominent. Some of the *changes* are (perhaps we ought to wait for the verdict of the public before calling them *improvements*) that the matter more properly belonging to a Register, that is the record of the governmental and financial affairs of the State and the United States, has been placed first in order, or immediately following the Daily Memoranda, which is, of course, properly still connected with the Calendar. Then the Business Directory, which follows this page, has been greatly extended and now takes in every industrial interest in the State except farming and common day labor. But just here we feel like saying, in parenthesis as it were, that there is a violent probability that that last remark will be called in question We *were* told last year by one newspaper that we had names of men dead, removed, sold out, &c. &c., whereas we had omitted some of the most prominent business men. To such our reply is, Whatever we publish as the Business Directory of your town *comes from some prominent man in your town, and is vouched for by some other prominent man, and sometimes by several, as being as nearly correct as it can be made.*

Any man, endowed with brains, *can* see, if he *will* see, that the whole income from the Register would not pay us for going to every town in the State and getting their names ourselves, on the spot. If there is to be a Business Directory at all, which at best costs us, in time and money, more than all the rest of the book, it must be made up by the gratuitous contributions of public spirited men who live on the ground.

Following the custom of our predecessors, we always apply to the Town Clerk. Very few have ever refused to assist us, and we have great reason to think that in most cases their returns have been satisfactory and reliable. But, should we ever, hereafter, publish an incorrect report, we will thank any public spirited man noticing it to bear it in mind, and seasonably, for the next year, send us a correct report himself.

The next improvement which we will notice is that we have arranged the National Banks, the Savings Banks, the Insurance Companies and Newspapers in tables which, being alphabetical, compact and comprehensive, we think will be found very valuable for reference.

Mr. Walton, ever on the alert to benefit the public, has arranged a table showing the population of the U. S. from decade to decade, beginning with 1780—also a table giving a bird's eye view of the finances of the State and several minor items, which, with many other things, we must leave to be discovered by the discerning public.

We would like to call attention to our new type in the headings of the Business Directory. It enables any one to find any trade, office or occupation much more easily than before, and we purpose such further improvements in the arrangement of names, for next year, as will still further facilitate reference. Our motto is "onward."

Confident of a verdict in our favor, we thus put the case to the Jury, and are, very respectfully, yours &c.

THE PUBLISHERS.

BUSINESS DIRECTORY.

NOTICE THAT

The following pages contain the names of all the towns in the State, alphabetically arranged, with the names of their Counties, their distances and directions from Montpelier, and the number of inhabitants in 1870, immediately following; also, the names of Town Officers, Express and Telegraph Agents, Professional Men, Literary Institutions with their Principals, Banks with their officers, Merchants, Manufacturers, Mechanics and Artisans, Hotels, Livery-Stable Keepers, and R. R. Stations—systematically arranged.

ALSO NOTICE THAT

Physicians *are allopathic and* Merchants *keep a general assortment, unless otherwise designated, and that both come first in their lists.* Justices of the Peace *will be found in the list of County Officers, elsewhere. When a town has more than one business center, there will be found a separate paragraph for each, or else the Post-Office address of individuals will immediately precede their names.*

All these statistics are obtained, new and direct, every year, and the utmost pains is taken to have them correct *at the time of going to Press. The publishers will be thankful for any seasonable corrections or valuable suggestions from any person who feels sufficient interest to make them. Particular attention is called to what the publishers have to say for themselves in the page preceding this.*

Vermont Central

RAILROAD.

The Morning Express Train, leaving Boston, arrives at Burlington, St. Albans, Montreal and Ogdensburg the same evening.

The Night Express Train, leaving Boston in the evening, arrives at the above named places the next morning.

These Trains connect at Ogdensburg with Trains and Steamers for Toronto, Detroit, Chicago and the West.

Passengers leaving New York via Springfield, at 3:00 p. m., will make direct connections, arriving at Burlington, St. Albans, Montreal, and Ogdensburg, next morning. TOURISTS AND PLEASURE SEEKERS will find this route unsurpassed for mountain, lake and rivery scenery. The valleys of the Connecticut, White, and Winooski Rivers abound in delightful mountain and river scenery. Lake Champlain, and Lake George present the most beautiful lake scenery that the country affords.

Tourists traveling between Saratoga and the White Mountains, can leave the cars at Waterbury, and visit

Mount Mansfield, the most Noted Peak

of the Green Mountains, and find themselves amply repaid by viewing the beautiful scenery from the top of the mountain.

PULLMAN PALACE CARS

Run on Day and Night Express Trains.

The large facilities which this company has for the transportation of Freight makes it one of the most desirable routes for Local or Through (Western) traffic.

CRAMPTON'S
IMPERIAL
Laundry Soap!

Will wash with Hot or Cold Water.

Superior for the Laundry; Good for all kitchen purposes, cheaper for washing than Soft Soap at four Dollars a Barrel, and a

Splendid Toilet Soap,

Leaving the skin soft and white without injuring it.

Good Soap, like good wine, is improved by age.—Among the ruins of Herculaneum and Pompeii, Soap was found in a good state of preservation, after having been buried over 1,700 years.

A box of Soap in a family is better than "*money at interest*," as when from three to six months old, one pound will go further than three pounds of new soap.

Ask your grocer for a box of CRAMPTON'S IMPERIAL LAUNDRY SOAP, and if he does not keep it, send your orders to CRAMPTON BROS., 84 Front St., New York.

MAKE YOUR OWN SOAP.

One pound of Crampton's Imperial Laundry Soap will make twelve quarts of handsome Soft Soap.
Ask your Grocer for it and try it.
Directions on the wrapper.

84 Front St., New York.

STERRY SMITH & Co's

FURNACE GRATE-BAR,

—FOR—

STEAMSHIPS, STEAMBOATS, LOCOMOTIVES, STATIONARY FURNACES, &C.

Patented Oct. 2, 1866.

The advantage which these bars possess over others is in their combination, and the distribution of the metal in such a manner that there is no possibility of their warping or twisting about, as is generally the case with other bars; they are also stronger and more durable, and, in consequence of their combined strength can be made considerably lighter.

Grates of different Air Spaces, for burning all kinds of fuel, Wood, Coal, Tan &c., made to fit any furnace. Also Circular Grates of all Sizes.

ALL ORDERS ADDRESSED TO

STERRY SMITH & Co.,

SALEM, MASS.

Will be promptly attended to.

Proprietors of the MANUFACTURERS' No. 1 LUBRICATING OIL.

CLAREMONT, N. H., March 28th, 1871.

Messrs. CRANE, WAITE & Co.

Gentlemen:

Your favor of the 26 is received. In answer will say the Monadnock Mills have used your Lubricating Oil for two years or more, with satisfaction. The quality has proved uniform, and I think it to be as good as any manufactured.

Yours Respectfully,
D. W. JOHNSON, Agent,
Monadnock Mills.

Messrs. CRANE, WAITE & Co.,

After using your No. 1 Lubricating Oil for more than three years, and having tried at least a dozen other kinds, we give yours the preference over all others, it being always uniform in quality.

CLAREMONT MF'G CO.

Claremont, N. H., Nov. 10th, 1871.

In addition to the above, we can furnish testimonials from more than twenty of the first Manufacturing Corporations in New England, certifying to the superior and uniform quality of our oils.

PLEASE SEND FOR CIRCULAR.

This Academy was established in 1813; has enrolled some 7000 pupils; has fitted more young men for College than any other school in N. E., except, perhaps, Phillips Academy, Andover, Mass.; has aided from its own funds, more than 300 students for the ministry; offers its advantages to young men and young women alike; is now raising an additional endowment of $100,000 to multiply and enlarge its facilities.

Each department is assigned to a special instructor; necessary expenses are light; board may be obtained in private families or in clubs. facilities are also furnished for self-boarding.

Tuition, payable in advance. $10 a term. For further information, or Catalogue, address the Principal.

NATIONAL
Life Insurance Company,

LOCATED AT MONTPELIER, VT.

ORGANIZED 1850.

Cash Assets Nearly $1,200,000

JULIUS Y. DEWEY, Pres't. GEORGE W. REED, Secretary.
CHARLES DEWEY, Vice-Pres't. EDWARD DEWEY, Actuary.

This reliable New-England Institution continues to issue Policies on all the ordinary plans at the lowest SAFE rates, but makes a speciality of

Endowment Assurance at Life Rates.

This feature is peculiar to the National, and is endorsed by Hon. Elizur Wright, of Mass., and other prominent Insurance men, as "the most Equitable kind of Insurance offered by any Company." Investigation and comparison with other Companies is courted.

The National has more assets in proportion to its liabilities than any other Company. The cost of doing its business is less than any other, with two or three exceptions. The interest actually received in the year 1871, paid all the losses, and nearly all the expenses.

RELIABLE AGENTS WANTED IN VERMONT AND NEW-HAMPSHIRE.

The Vermont Life

CHARTERED October 28th, 1868.

Commenced Business January 1st, 1869.

INSURANCE COMPANY,

—OF—

BURLINGTON, VERMONT.

Issues every desirable form of policy. All Policies are *Emphatically Non-Forfeiting* being continued in force until the full amount of Premiums paid has been realized in further insurance.

Charles D. Chase of Bethel, Vt., was insured in this Company for $1,000, Oct. 18, 1870. He paid the first quarterly premium of $12.50, but failed to pay the premium of a like sum, due the 18th days of January, April and July, following. He died August 26th, 1871. The Policy of $1,000 was paid to his mother, less the unpaid premiums due at the time.

Rates as low as any reliable Company, and no extra rates charged on the lives of females.

MONUMENTS,

TOMBS, VAULTS, HEAD-STONES, POSTS, CENOTAPHS, FONTS, Etc

Designed and executed in the best style of the art.

Mantles, Shelves, Furniture & Counter Tops Cut to Order.

Our Works being located here in the vicinity of the celebrated Rutland Quarries, we have superior advantages for the selection and purchase of material.

Parties visiting Rutland, who contemplate erecting Cemetery Works anywhere in the country, will find it to their advantage to call at these Works (near by) before leaving town, and give their orders—as the business of this concern is chiefly manufacturing Monuments and Headstones to order, and erecting the same in the larger and distant cities and towns in the United States and Canadas.

The quality of the work is seldom equaled anywhere, and prices lower than can be had of the smaller local shops throughout the country. Work forwarded and erected without risk to the purchaser.

RELIEF FOR THE SUFFERING.

PETTENGILL'S

KIDNEY-WORT

OR PILE COFFER

TRADE MARK☆

Is not liable to the common prejudice against patent medicines in the liquid form of "bitters," "buchus," &c., doctored with poisonous rum or minerals; but a dry, purely vegetable compound, possessing remarkably curative properties—an effective cathartic without debilitating, removing all unhealthy secretions and vitiated blood, healing and invigorating the system; especially manifest in curing some of the most common and painful diseases that baffle medical skill; all forms of

Piles, Kidney Complaints,

GRAVEL, LUMBAGO, CONSTIPATION, &c.

WARRANTED TO AFFORD RELIEF.

PERMANENTLY CURED OF PILES,

Hon. G. H. Rice, late R. R. Commissioner of Vermont, writes:

MILTON, VT., Sept. 16, 1871.

I have been a great sufferer from Piles, having had it in its blind phase for years. About two years ago, when the disease began to assume the bleeding form, I tried "Pettengill's Kidney Wort," and used about half dozen packages, which I believe effected a permanent cure. From my own experience and that of others I am acquainted with, I became satisfied that the Kidney Wort possesed remarkable virtues, and probably should have purchased an interest in its sale had I been possessed of sufficient means.

Truly Yours, G. H. RICE.

The Kidney-Wort Circular, to be had of your druggists, or if requested, mailed to your address, by THE KIDNEY WORT COMPANY St. Albans, Vt., or Geo. C. Goodwin & Co., Wholesale Agents, Boston, furnishes the most satisfactory testimonials of the wonderful success of this medicine, in removing such chronic diseases, as named, of many years' standing, and the fact will be observed that regular physicians use it in their practice, in the community where it has been in constantly growing demand for several years, without advertising. ☞ Get a Circular and see how radically Piles and Kidney Complaints may be cured.

Sold by dealers in medicine Generally.

You ask why we can sell First Class Seven Octave Pianos for $290? We answer, it costs less than $300 to make any $600 Piano sold through Agents, all of whom make 100 per cent. profit.

We have no Agents, but ship direct to families at Factory Prices, and warranted 5 years. Send for our illustrated Circulars, in which we refer to 300 Bankers, Merchants, &c., (some of whom you may know,) using our Pianos in 40 States and Territories.

Perkins & House's Non-Explosive Kerosene Lamp.

Prof. W. S. CLARK, President Mass. Agricultural College, says:—"It is *perfectly non-explosive*. The light is better than is produced by any other lamp. I believe it to be *true economy* in view of the safety, the quality and quantity of the light produced, and the durability of this Lamp, *to throw away all other kinds* and use this only."

The public are invited to examine this Lamp. Do not use an unsafe glass lamp in your house when you can get an absolute SAFETY LAMP that will not give off bad odor, that will not break, that will give a *light equal to two other lamps*.

Lamps for the Kitchen, Parlor, Study, for Churches, Public Halls, Factories, &c., &c.. for sale to the trade and the public, by

THE MUTUAL

LIFE INSURANCE CO.

OF NEW YORK.

ASSETS, over $50,000,000.

F. S. WINSTON, President.

The Largest Life Insurance Company

IN THE WORLD.

No Premium notes are included in its Assets, nor doubtful securities of any description.

Its percentage of losses and ratio of expenses, are smaller than that of any other company, while its income from interest is much larger.

It pays larger dividends than any other company "to its policy holders," thereby making the cost of insurance less than in any other company.

LUMBER & LOG BOOK.

SCRIBNER'S
READY RECKONER.

The most full and complete book ever published for

SHIP BUILDERS, BOAT BUILDERS, LUMBER MERCHANTS AND MECHANICS.

Being a correct measurement of Scantling, Boards, Plank, Cubical contents of Square and Round Timber, Saw Logs, Wood, &c.; comprised in a number of tables, to which are added

TABLES OF WAGES BY THE MONTH,

Board or Rent by the week or day, Interest Tables, &c.

BY J. M. SCRIBNER,

Author of "Engineer's and Mechanics' Companion," "Engineer's Pocket Table Book," &c., &c.

Scarcely is it possible to add to the recommendations of the above book more than to give its title page. Every one engaged in buying, selling, measuring or inspecting lumber of any kind, will at once appreciate a work of this kind. No pains or expense has been spared to make it in every respect convenient and accurate, and if there can be any dependence placed upon strictly mathematical calculations, no one, upon examination, will hesitate for a moment to abide the results here given.

If you are dealing in lumber of any kind, wood, or casting up wages whereby, by hasty calculations, you are liable to make mistakes, the price is nothing in comparison to the value of such a book.

No Book of its kind has ever had so extensive sale as this.

☞ OVER 450,000 copies have been sold, and the demand is constant and steady all over the United States, Canada, California &c.

In all new and lumber countries, the book will be found very convenient as it comprises much that is useful for the farmer, mechanic and business man.

ORDERS SOLICITED

From Agents, Booksellers and others, to whom a liberal discount will be made. ☞ PRICE 30 CENTS. Four COPIES sent for one dollar, postage paid. The books can be had of booksellers generally, throughout the United States. If not, send the above amount to me and I will forward immediately. State where you saw the advertisement. Book agents will find this a very profitable and saleable work to carry, it is small, takes up but little room and will sell.

We call attention to our advertising pages. We doubt whether a collection of more reliable names can be found elsewhere.

We have *tried* them, mostly, *ourselves*, and speak whereof we know.

Incrustations in Steam Boilers.

The most important item in regard to Steam, is keeping the boilers in order by protecting them from the causes and effects of INCRUSTATIONS, a matter that seems to be generally overlooked. The practice of "blowing out" and "picking" boilers is highly injurious and wasteful. It involves the loss of a day or more, while the "picking" roughens the boiler plates, causing a greater adhesion of the next deposit, with a consequent greater labor and injury at each successive cleaning. Properly kept clean, a boiler would last a man's life time. It never gets hotter than the water, whatever the outside temperature, and the water never gets hotter than some 330 degrees under 100 pounds pressure, but when coated with scales and thus removed from direct contact with the water, they soon become overheated and burned out, involving *probable* explosions and *certain* repairs; the Works remaining idle in the meantime.

The above facts are so patent, it stands us all in hand to employ some means to obviate these evils. We approve of chemical means, as the formation of incrustations is entirely chemical in its nature, and beg to refer our readers for a remedy to the Anti-Incrustation Powder of Mr. H. N. Winans, New York, [see advertisement pages], who has had much practical experience on the subject, judging from the valued references and extensive use of his article during the past years.

WILLIAM BAILEY. GEO. E. GAFFIELD.

The Boston Journal

DAILY, SEMI-WEEKLY & WEEKLY,

FOR 1872.

The New-England Family Newspaper.

Its reputation as a wide-awake, enterprising newspaper, so thoroughly organized in all its departments that the people look to it with confidence for the earliest and fullest reports of the day, has given it a circulation unapproached by any paper of its class in New England, and equaled by few in the country. The aim of its publishers will be to maintain the position it has now, by the employment of the best talent in all its departments, and the introduction of such new features as the experience of the past or the developments of the future may suggest. The year 1872 is to witness

ANOTHER PRESIDENTIAL CAMPAIGN

Making an enterprising newspaper a necessity to every man who would be informed in regard to the live questions of the day. By means of the *Journal* Bureau at Washington, under the direction of Ben Perley Poore, it will be enabled to give its readers the earliest information of all important measures affecting the public interest. In all its departments we mean that the *Journal* for 1872 shall be better and more acceptable to its readers than ever before.

As heretofore, special attention will be paid to

NEW-ENGLAND NEWS.

The price of *The Boston Journal*, published morning and evening, containing the fullest and latest news up to the hour of going to press, is $10 per annum; of the *Semi-Weekly Journal*, published Tuesdays and Fridays, containing all the news of three days preceding, is, for one copy, by mail, $4.00; five copies to one address, $15.00; ten copies, $30.00, and one copy to the getter up of the Club; of the *Weekly Journal*, issued Thursday morning, with the current news of the week carefully condensed, mailed in season to reach subscribers many hundred miles distant, before Saturday night, is, one copy, by mail, $4.00; five copies to one address, $7.50; ten copies, $15.00, and one copy to the getter up of the club.

☞ All orders must be accompanied by the money, and all papers are discontinued at the expiration of the time for which payment has been made.

TO ADVERTISERS.

The large circulation of *The Journal* among the most intelligent classes in the community, renders it an invaluable medium for advertising. All advertisements appear in both the morning and evening editions, and thus practically have the benefit of the circulation of *two papers*. Address

Oil Works, Cambridgeport. | Counting House, 27 Broad St., BOSTON.

We beg to call attention to our regular brand of **WOOL OIL.** It is now in use in several of our largest Woolen Mills, and is a perfect substitute for Olive Oil, smells and tastes like it, will stand much more cold, is clear and brilliant, will not stick, gum, nor heat, will wash as readily and go as far and do as much work on Wool as the best of Lard or Olive Oil. Being entirely free from acid it has no effect on colors. It is far preferable to Elaine, and much cheaper.

It is also a fine Lubricator for spindle or engine use.

PRICE, 75 CENTS PER GALLON.

Pemberton Company, Agent's Office,
Lawrence, Mass., July 28, 1870.

Messrs. F. MAGUIRE & Co.:

We have now been using MAGUIRE'S WOOL OIL over two months, and are glad to state that it has given perfect satisfaction.

We do not hesitate to say that in all respects it works as well as the best Lard Oil.

Yours,

(Signed) PEMBERTON CO.

We also call your attention to our regular brand of **LUBRICATING OIL,** which has now been in use a long time in a large number of Mills, and gives entire satisfaction. It possesses great body and durability, and, on ordinary machinery, will wear as long as Lard or Sperm Oil. **Price, 55 Cents per Gallon.**

Testimonials can be shown if desired, but the best recommendation is its continued use when once tried. For Paper Mills, Machine Shops, and Printing Presses, it cannot be excelled. Orders solicited.

THE GREAT WANT SUPPLIED.

A Sanitary Water Pipe.

A cheap, healthful, durable, and flexible metal pipe for conducting water into dwellings, to be used for drinking and cooking. This pipe can be had at 20 PER CENT. LESS IN COST than LEAD PIPE of the same strength, and 10 PER CENT LESS THAN GALVANIZED IRON PIPE of the same bore, and transportation will cost but one half. Satisfactory testimony can be given that water conducted by this pipe maintains its natural purity, which cannot be said of water carried through Lead or Galvanized Iron pipes. This pipe can be worked and soldered by Plumbers the same as lead pipe.

Samuel R. Percy, M. D , Professor of Chemistry, 47 West 38th Street, New York, reports, after testing the Composite Metal Pipe in connection with Lead Pipe, and Galvanized Iron Pipe, that the COMPOSITE METAL PIPE is decidedly the best to be used where PURE WATER is needed for drinking and cooking; and that the use of water carried through the COMPOSITE PIPE cannot be injurious to health in any way.

D. D. Parmalee, M. D., Practical and Analytical Chemist, 265 Broadway, writes: "I have had specimens of your COMPOSITE METAL PIPE in my possession now ONE YEAR, and have made frequent examinations of its action on WATER, with special reference to its usefulness for conducting water for DOMESTIC USE. These experiments have been made not only on equal lengths and calibres of the COMPOSITE METAL PIPE, and Lead Pipe, filled with water and examined at intervals, but also on equal areas of surfaces of sheets of each metal immersed in like quantities of WATER. The analysis of the waters, and close examinations of the COMPOSITE METAL compared with those of others, are so favorable to it, that, taking into consideration all the risks and liabilities attending the manufacture and use of many other pipes in popular use for carrying water, the COMPOSITE METAL PIPE is much less objectionable than any of them; and I would therefore use and recommend it to be used for domestic purposes in preference to any other metal pipe in popular use known to me."

The Metal of which this Pipe is made is the same as Britannia Metal, but of a lower grade, and the pipe being made of ONE METAL of great strength, it does not contract, expand, or sag under the influence of hot water. The purity and strength of this pipe makes it valuable above any other pipe in use, for bringing water from long distances, and for PUMP pipe which is always immersed in the water.

PREFACE.

Everybody knows that the preface of a book is the last thing written, though the first thing to be read. The fact suggests a Scripture truth which we need not quote.

We offer you here the *fifty-sixth* number, or annual issue of WALTON'S VERMONT REGISTER. We need not tell you what it is or what it has been. There are many who know the difference between the *is* and the *has been*; but, we think there are very *few* who remember the appearance of the *first* number. There is a difference between *this* and *that*.

Our words are mainly concerning this number. We trust it will approve itself to its friends, both old and new. We trust, moreover, that as its aims and results become better known, it will have more and more friends till there is not a house in the State of Vermont in which it cannot be found.

Dear friends, this book is something more than an *almanac*—though even an almanac is a very useful thing. Look it over, and see what it is besides. Find the Table of Contents or Index at the end—think of some subject, relating to the State, about which you wish for information. Run down the index columns with your eye till you find your subject—it will be in its alphabetical place—notice the page referred to and turn to it. Do it again. Keep doing it and when you think of one which is not noticed in the Register, write to us and tell us what it is. If Mr. Walton thinks it is a proper subject to be mentioned in the brief way in which things must be mentioned in a Register, depend upon it it will go in next year. But we must be brief. Convinced that the *Dictionary way* of arranging things to be looked for, is the most familiar to all who are at all conversant with books, we have made still further progress, this year, in arranging them so in the Register. Therefore, you will not find, in the Business Directory, the same *order* which has hitherto prevailed. We hardly need call attention to the separation into paragraphs—it arrests the notice of all who are familiar with the former style, at once. All who can *count* will see that we give more *pages* of matter than ever before, costing us in proportion, but sold at the same price as for several years. This we could not do but for the advertisements, which some would rather have left out but which, after all, contain, perhaps, as much *useful information* as the other pages—for who does not wish to know where to get the best articles of their kind when they are about to purchase? We offer you these advertising pages as a safe guide, in that respect.

In conclusion, the Vermont Register should occupy a handy place in every house, office and shop in the State; and we trust that all who agree with us in that opinion will so represent it to those who do not yet know its value. Wishing you all a "Merry Christmas" and "Happy New Year," we are yours, truly,

THE PUBLISHERS.

STAR SPANGLED BANNER.

The old Favorite. Better than ever. Eight large pages; *Ledger* size, 40 columns, illustrated, overflowing with wit, humor, fun, splendid stories, poems, splendid reading for all, old and young, EVERYBODY. The "Star Spangled Banner" devotes one page each month to thoroughly exposing humbugs, quacks, and Swindlers. It shows up all the "Tricks and traps of America," and excels all other papers in this speciality. Read the "Rogue's Corner," then no "bogus money" man will fleece you, or gift swindler will cheat you, no "curling comb" or "music box" or similar swindle will get your money. The Banner costs only $1.00 a year and we give *every* subscriber a superb "Prang" *Chromo free*. See fine type ad. on opposite page. We want live agents to get subscribers. This is no Maine nor Michigan Swindle. Now is the time. Specimens 6 cts. Address

THE OLD FAVORITE "FRIEND OF THE FAMILY"

STAR SPANGLED BANNER.

1873. A LARGE ILLUSTRATED MONTHLY. 1873.

BETTER THAN EVER.

OLD FRIENDS. To the 100,000 readers of the "STAR SPANGLED BANNER" this circular is of no account; they know what the paper IS, what it HAS been, and what it WILL be. To those who know it not, let us say it is a large illustrated paper, same size as *N. Y. Ledger, Weekly, &c.*, 8 large pages, 40 columns, elegant heading, border, and illustrations, and every number actually *overflowing* with

GOOD THINGS, AUTUMN Stories, Tales, Sketches, Poems, Wit, Humor, Fun, Recipes, Secrets, in fact—some-

Children's Department, Nothing of interest and real value to every MAN, WOMAN and CHILD in America. It is a family paper, popular *everywhere*, and with *everybody*. Still it has its enemies, as every one who deserves *friends* must have, and the enemies of the BANNER are ROGUES, RASCALS, and SWINDLERS. It has, in years past, made "short work" with them. In the past three years it has name and shamed OVERTHE swindlers. It has saved millions to the public, by constantly "showing up" the new and peculiar TRICKS and TRAPS of the

LEAVES: swindling fraternity. It devotes double the space to this paper in America, and it is natural that it exposes.

HONEST MEN, however, are its *firm friends*; and, in *one year*, have run its circulation up from 50,000 in 1871, to 50,000 copies in October, 1872. It is popular *everywhere*, except among rogues and rascals.

NO HUMBUG. Established *ten* years since, it has an established reputation. It was built on the profits of "Escape," "Right," "Paint" Swindles, Cheats, Rogues, and Rascals long ago found out that the "STAR SPANGLED BANNER" cannot be BOUGHT, HIRED or FRIGHTENED. It "means for all," for every honest man. Every number contains, in fine type, as much reading as is contained in an ordinary magazine.

ONLY A DOLLAR secures this superb first-class illustrated paper a *whole year*. It is "Rogues Corner" alone, we have exposed so much. Determined, as in former years, to be outdone by

BUT THIS IS NOT none, we have for months had the unequalled artists employed by Messrs. Prang & Co., Boston, at work on a SUPERB CHROMO. A "*thing of beauty*," in fact the perfection of the art, and a specimen of artistic skill ever produced.

SUPERB This delightful triumph of art is CHROMO, it is entitled a BOUQUET OF AUTUMN LEAVES. The brilliant hues of the many-colored and tinted leaves, form a picture at once unique, artistic, and superb.

FREE GRATIS. This elegant Chromo we GIVE, send prepaid, and the "BANNER" a WHOLE YEAR, all for ONE DOLLAR. Chromo *alone* sells at $1.50, but buying them by tens of thousands, we can "*give them away*." REMEMBER it is no "bogus" Chromo, no "wood-cut" or "cracon." It has been noticed and endorsed, as has also the "BANNER," by such papers as the *N. Y. Tribune*, *Ledger*, *Leslie's*, *Toledo Blade*, *Wood's Magazine*, and hundreds of others. See what they are the acknowledged leading manufacturers of Chromos in America.

PRANG

"This is to certify that the Chromo 'A Bouquet of Autumn Leaves,' was made by us expressly for Messrs. Hunter & Co., Hinsdale, N. H. That it is a genuine Chromo, from an original painting, and is as good a reproduction of the original as can be made.

L. PRANG & CO."

Such proof leaves no doubt as to the *real* value and artistic merit of our beautiful Chromo. The 50,000 who last year received "BOUQUET OF AUTUMN LEAVES," know it was a GEM; but our new Chromo FAR EXCELS IT. Every lady will see that it has a frame, and as it deserves, the choicest place in parlor ornaments. EVERY MAN, EVERY WOMAN, EVERY CHILD,—EVERYBODY,—young or old, rich or poor, black or white, saint or sinner, no matter what political, religious, or social views they may hold to, we know the "STAR SPANGLED BANNER" will please you. It is first-class, high-toned, moral: intended to BENEFIT ITS READERS. It has SOMETHING for EVERYBODY. Recollect it has been established for TEN YEARS, has an immense circulation, and it "waves for all," NORTH, SOUTH, EAST, and WEST.

AUTUMN LEAVES. CHROMO: FREE

NO HUMBUG! Our paper is fully established: we refer any one as to our responsibility, character, &c., to any responsable publisher in America, American & New York News Co's., N. Y.; Oliver Ditson & Co.; Prang & Co.; New England News Co., Boston; and to any one who ever dealt with us.

DO YOU DARE? You have been swindled—some "*Saturday Gazette*," or "*Literary Journal*" "took you in"—perhaps you have waited for months for "moonshine" chromos, and got worthily, artistically swindled; or "Sheom's" Paint has lightened your pocket-book,—well then remember this,—the "STAR SPANGLED BANNER" DONT DO SO.

TO

BELIEVE THE TRUTH. TRY us and SEE. Because SWINDLERS slander us, is the very best reason that HONEST MEN should aid us. Try us and then judge us by our works.

ALL.

ONLY THINK! A superior family paper, *Ledger* size, forty colors, etc., etc., for ONE DOLLAR. A superb "Prang-Chromo" —ALL FOR ONE DOLLAR. NOW IS THE TIME! We have stated our "Case." We DARE you to subscribe! Specimens can be had of Newsmen; or, prepaid for 5

REMEMBER! The "STAR SPANGLED BANNER" exposes Swindlers, Quacks and Humbugs, 50,000 "shown up" the past year. It will save you MONEY every month in the year.

SATISFACTION GUARANTEED to every subscriber to the "STAR SPANGLED BANNER," or money refunded. We *aim* to please. Ten years established. Actual circulation 50,000 copies.

DOWNS' ELIXIR.

When the chilling winds of winter
Howl amid the leafless branches,
When from out the North the Storm King
Marches with his snowy Banners,—
And with fierce and sudden conquest
Lays all summer dead before him:
Every flower and every leaflet
He lays stark and dead before him;
And the singing birds of summer
Fly away from all the Northland,
Where the air seems full of arrows,
Full of sharp and stinging arrows
That will pierce us, if we venture
But to step outside the doorway,
Then Consumption, fell destroyer,
Sallies forth to seek his victims.

Coughs and Colds are his forerunners,
Marking where success is easy;
And, where these are not resisted
But allowed to hold possession,
There Consumption, gaunt and ghastly,
Soon will make his dread appearance,
And will seize his hapless victims.

Would you have a *sure* protection
From this foe, so justly dreaded?
A protection so unfailing
That you need not fear his visits?
Go and Buy some **DOWNS' ELIXIR,**
Some real N. H. Downs' Elixir;
Made from all most healing Balsams
Found in all the Northern forests,—
Balsams of the Pine and Fir tree:
Made in Burlington—a city
Standing near the Champlain waters;
At one hundred twenty-seven,
Very near the head of Church Street,
By the firm of HENRY & JOHNSON,
Medicine men, well known to many:
And for sale at every Drug Store
Throughout all the frozen Northland.

* Erroneous: these persons were set down as slaves by mistake The Marshall returned them in fact, as in fact they were, as *Free Blacks*. The first Constitution of Vermont, 1777, excluded Slavery.

HISTORY OF THE STATE.

Vermont was first settled by some emigrants from Massachusetts, at Fort Dummer, now Brattleboro' in 1724. It was long claimed both by New-York and New-Hampshire, and did not become an independent State until the breaking out of the war of the Revolution, nor was her independence as a State acknowledged by New York until March 4, 1791. She was the first new member of the American confederacy added to the original thirteen. The State derives its name from the French, Verts Monts or Green Mountains. It lies between the latitudes of about 42°44' and 45°, and has a length from north to south of 157½ miles, and its greatest breadth from east to west is only 85 miles, and its least about 35.

MOUNTAINS OF VERMONT.

The heights of some of the peaks of Vermont are: Mansfield Mountain, North Peak, 4389 feet; South Peak, 4056; Killington, Peak, 4221 feet; Killington Dome (Pico), 3935 feet; Camel's Hump, 4088 feet; Ascutney, 3165 feet.

AMENDMENT OF THE CONSTITUTION.

In May, 1870, the Constitution of Vermont was so amended as to provide for biennial elections, and meetings of the General Assembly.

CIVIL GOVERNMENT OF VT.—Oct. 1872 to Oct. 1874.

A Convention consisting of delegates selected by the freemen of the several towns, declared the Independence of Vermont, Jan. 15, 1777; and by a like convention, the first Constitution was adopted, July 2, of the same year. The Constitution has remained without very material alterations, the chief being the substitution of a Senate of thirty members, apportioned to the several counties according to population, and chosen by a plurality of the freemen of the several counties, in lieu of a Council of twelve members chosen by a plurality of the votes of the State at large; and in 1870, a change from annual to biennial State elections and meetings of the Legislature.

The frame of government now provides for: I. The Executive, the chief officers of which are Governor, Lieutenant Governor and Treasurer, all of whom are elected biennially by the freeman of the State. II. A Senate of thirty members, elected as before mentioned. III. A House of Representatives, consisting of one member from each organized town, elected by the freemen thereof. IV. A judiciary, the officers of which are all elective, the Judges of the Supreme Court (who are also Chancellors), by the Senate and House of Representatives, in joint assembly; the assistant Judges of County Courts, (a judge of the Supreme Court presides in each County Court), Judges of Probate Courts, Sheriffs, State's Attorneys and High Bailiffs, by the freemen of the respective Counties; and Justices of the Peace by the freemen of the several towns.

The election for State purposes is in September, and a majority of all the votes cast is required to elect every officer, except Senators and other county officers, including in the latter justices of the peace elected by the several towns; but in March, the freemen of each town meet for the transaction of the public business of the town and the election of all town officers, embraced in the list under that head in this Register, and also a much larger number of officers whose duties are of local interest only. Every term of town officers is limited to one year, or until others are elected, and all town elections are therefore annual. The Governor's power of appointment is very limited, embracing ordinarily his Secretary and Military Staff only; but he has power to fill any office created by law, where the appointment is not fixed by the constitution or a statute, a case which has rarely occurred; and also to fill any vacancy occurring by death or otherwise, until the office can be filled in the manner required by constitution or laws. By recent statutes, the Governor may nominate, subject to approval by the Senate, six members of the Board of Education, and six members of the Vermont State Board of Agriculture, Manufactures and Mining. The heads of the various State Bureaus, (except the Treasurer) and Generals of Divisions and Brigades, are elected by the Senate and House in joint assembly—the former officers biennally, and Generals when vacancies occur.

NOTARIES PUBLIC.

More than once the publishers of the Register have been requested to give a list of Notaries Public in the several counties of the State with their places of residence. As these officers have some of the powers of Justices, other than for the trial of suits, such a list would be convenient, and the publishers would gladly give it if they could do so. The appointments are made by the County Courts at their several terms between January and December annually, and each appointment is in force for one year *from the date of appointment;* it therefore follows that a list published in any number of the Register would be of little use—certainly it would be unreliable—because it could not contain the Notaries appointed and serving in office *in the year for which the Register is printed.* For this reason alone it would be advisable not to attempt a record in the Register; but there is another reason, for while the statute requires the County Clerks to return a list of these appointments, when made, to the Secretary of State, this provision of the law is generally neglected. On applying to the Secretary of State, this day, for a list of Notaries, the editor found that returns had been made from three counties only out of the fourteen. October 17, 1872

AUTHORIZED LIST OF SCHOOL TEXT-BOOKS,

Selected for the schools of Vermont, by the Vt. Board of Education, June 18, 1872, for use after Nov. 1, 1873.

[For list in use to Nov. 1, 1873, see Register of 1872, page 65.]

At a meeting of the Vermont Board of Education, held at Middlebury, on Tuesday, June 18, all the members of the board being present, the list of Text-books given below was selected and authorized for use in the District Schools of the State, for five years from November 1, 1873:

READERS AND SPELLERS.

Webb's Word Method; New American First Reader, New American Second Reader, New American Third Reader, New American Fourth Reader, Hilliard's Sixth Reader. New American pronouncing Speller.

GEOGRAPHIES.

Guyot's Elementary Geography, Guyot's Intermediate Geography, Common School Geography for Grammar and High Schools only. Hall's Geography of Vermont is required by Statute to be used.

BOARD OF AGRICULTURE, MANUFACTURES AND MINING.

Gov. Julius Converse, Woodstock, and Matthew H. Buckham, Burlington, *ex-officio;* Chas. H. Heath, Plainfield; A. B. Halbert, Essex; Z. E. Jameson, Irasburgh; Pitt W. Hyde, Hydeville; Francis B. Douglass, Whiting; Thos. H. Hoskins, St. Johnsbury. Peter Collier, Secretary, Burlington.

The Board also recommend for use in the District Schools of the State, Conant's Parsing and drill Book, Spencerian System of Penmanship, and Alden's Citizens' Manual of Civil Government.

The text-books now in use remain binding upon superintendents and teachers until November 1, 1873; the new list, given above, be-

comes binding upon the Board of Education, Superintendents and teachers from and after that date.

In their action upon this important subject, the Board have had constantly in mind not only the abstract merits of the books examined, but also the condition and needs of the schools, and the expense to be incurred from year to year, in supplying pupils with text-books.

As, in the minds of some people, the subject of great additional cost is one associated with a change in text-books, the attention of the people of the State is especially invited to Sections 5 and 6 of the Act of Nov. 17, 1866, which is as follows:

"When any change is recommended by the Board as herein provided, it shall only be a gradual change, not involving any extra expense to the pupils of the Schools in the State; and the direction given by the Board shall be, that new books hereafter purchased as new classes are formed shall be those by them selected and prescribed."

"Whenever an exchange of books shall be made, under the provisions of this act, it shall be upon the conditions entered into with the publishers of any new books adopted that they shall receive all books in the hands of book dealers in this State, in good condition, discontinued by the Board of Education, and shall allow to dealers the full trade value therefor, and shall receive all the books in hands of families or scholars in this State, discontinued by the board of Education, in exchange for the new books ordered of the same class, allowing therefor the true value of the same according as they have or have not been used." By order of the Board,

JOHN H. FRENCH, Secretary.

Of the Indian and Chinese, the Territories contain 4303 of the former, and 7075 of the latter.

Note.—The Indian Territory and Alaska are not included nor mentioned in any of the census tables above epitomized.

STATUTE RULE FOR RECKONING INTEREST.

An Act in addition to chapter 79 of the General Statutes, entitled "of money of account and interest."

It is hereby enacted, &c.

SEC. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars for one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

SEC. 2. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest, when payments are made, such payments shall be applied, first to liquidate the interest that has accrued at the time of such payments; and, secondly, to the extinguishment of the principal.

SEC. 3. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest annually, the annual interests that remain unpaid shall be subject to simple interest, from the time they become due to the time of final settlement; but if in any year, reckoning from the time such annual interest began to accrue, payments have been made, the amount of such payments at the end of such year, with interest thereon from the time of payment, shall be applied, first to liquidate the simple interest that has accrued from the unpaid annual interests; secondly, liquidate the annual interests that have become due, and thirdly, to the extinguishment of the principal.

SEC. 4. Nothing in this act shall be so construed as to affect any existing laws relating to banks and banking institutions, nor to notes and contracts existing before the passage of this act.

SEC. 5. This act shall take effect from its passage.

Approved, Nov. 19, 1866.

ORDERS PAYABLE IN SWITZERLAND.

The *Montpelier Post Office* is authorized to issue money orders not exceeding $50 on the Postmaster at New York, payable in Switzerland, at the same rates as orders payable in the United States; but from these orders the P. M. at New York deducts the premium on gold on the day the order is received at his office, and also the charge for exchange, and remits the order for the balance to be paid in Switzerland.

ORDERS PAYABLE IN THE GERMAN EMPIRE.

The *Montpelier Post Office* is also authorized to issue orders payable in the German Empire, through the New York post office, as above, at the following rates: not exceeding $5, 15 cents; over $5 and not exceeding $10, 25 cents; over $10 and not exceeding $20, 50; over $20 and not exceeding $30, 75; over $30 and not exceeding $40' $1: and over $40 and not exceeding $50, $1.25—payable in the paper currency of the United States.

IMPORTANT TO VERMONTERS.

It may not be generally known, to the inhabitants of this State that a very important work for all business men to have, and especially for those of the Legal Profession, in Vermont, is nearly out of print. We refer to AIKEN'S PRACTICAL FORMS, first published in Windsor, by Simeon Ide, and the balance of the edition now being in the hands of the Publishers of this Register. "A word to the wise."

VERMONT BUSINESS DIRECTORY.

Memoranda and suggestions concerning the way of finding what you wish in the following pages.

I. They contain

The name of every Town in the State printed in black letters, with the name of the County immediately following, in italic capitals; then the population in 1870; next the direction from Montpelier, with the distance, and then the name of the R. R. station most convenient of access. Next come the names of the principal Town Officers, the Postmasters and the Justices of the Peace, and finally a list of the various businesses and professions, and the names of those engaged in them.

II. In looking for a Name.

Find first the *Business* printed at the beginning of the

line, in prominent type, and in alphabetical order Then, if the list is long, it generally has *sub-divisions*—as for instance, under *Manufacturers* will be found the various articles made *in quantities*, in the town—arranged also in *alphabetical order*—the division between different articles being marked by a semicolon (;).

III. Divisions of the Town,

If of sufficient importance to make it desirable, are arranged, following the main town, in the same manner.

IV. Merchants and Physicians.

"Country Merchants," or those keeping a general assortment, always come first among merchants, and so do Allopathic Physicians among physicians—Specialists are arranged alphabetically, according to their specialties, immediately after.

V. Churches.

Every organization calling itself a Church is mentioned by its usual name abbreviated, as Bap. for Baptist, and if it has a settled preacher, his name follows immediately after the name of the Church.

VI. Finally,

Persons *well posted* in town affairs, who notice any errors (which of course there will be), are kindly requested to point them out to the publishers, who desire nothing more than to make this little book a reliable guide and authority to all who wish to know anything about the business interests of the State. The Register will go into every State in the Union, and every Vermont man is supposed to have sufficient State pride to make him wish to have his *home* represented abroad *exactly as it is.*

L. M. CRANE. EDWIN WAITE,

Proprietors of the MANUFACTURERS' No. 1 LUBRICATING OIL.

CLAREMONT, N. H., March 28th, 1871.

Messrs. CRANE, WAITE & Co.

Gentlemen:

Your favor of the 26 is received. In answer will say the Monadnock Mills have used your Lubricating Oil for two years or more, with satisfaction. The quality has proved uniform, and I think it to be as good as any manufactured.

Yours Respectfully

D. W. JOHNSON, Agent,
Monadnock Mills.

Messrs. CRANE, WAITE & Co.,

After using your No. 1 Lubricating Oil for more than three years, and having tried at least a dozen other kinds, we give yours the preference over all others, it being always uniform in quality.

CLAREMONT M'F'G CO.

Claremont, N. H., Nov. 10th, 1871.

In addition to the above, we can furnish testimonials from more than twenty of the first Manufacturing Corporations in New England, certifying to the superior and uniform quality of our oils.

PLEASE SEND FOR CIRCULAR.

Shepard & Allen's
WRITING FLUID

Flows as freely as any ink made. It will not mould; will not corrode steel pens, and is not affected in the **LEAST BY FREEZING.** Its color is a fine purple-black, being dark when first written, so that the finest line is distinctly seen the moment it is put on paper.

State of N. Y. Comptroller's Office.

ALBANY, March 17th, 1871.

During the past three years **SHEPARD & ALLEN'S WRITING FLUID** has been very extensively used and has given the best of satisfaction, I believe it is in all respects as good a flowing ink as I ever used, and take great pleasure in recommending it to others.

G. H. GOODWIN, Stationery Clerk.

Tioga County Clerk's Office.

I regard it (**Shepard & Allen's Writing Fluid**) the best in the world and unhesitatingly recommend its use to all.

OWEGO, N. Y., Sept. 22, '69, H. A. BROOKS, Co. Clerk.

It flows freely, has consistency, turns jet black at the time of writing and is enduring.

E. G. FOLSOM, Proprietor Albany Business College.

It is the best ink that I ever used.

L. V. DE GRAFF, Principal Flour City Hall Academy, ROCHESTER.

The young ladies all acknowledge the superior quality over all other inks they hitherto have used.

J. N. SCHOAR, Register Vassar College.

Gives the best satisfaction of any ink I have ever sold.

J. H. STEELE, Stationer, Peterboro, N. H.

CHAS. H. ALLEN, Manufacturer and Proprietor, ALBANY, N. Y.

NATIONAL
Life Insurance Company,

LOCATED AT MONTPELIER, VT.

ORGANIZED 1850.

Cash Assets Nearly $1,500,000.

JULIUS Y. DEWEY, Pres't. GEO. W. REED, Secretary.

CHAS. DEWEY, Vice-Pres't. EDWARD DEWEY, Actuary.

This reliable New England Institution continues to issue Policies on all the ordinary plans at the lowest SAFE rates, but makes a specialty of

Endowment Assurance at Life Rates.

This feature is peculiar to the National, and is endorsed by Hon. Elizur Wright, of Mass., and other prominent Insurance men, as "the most Equitable kind of Insurance offered by any Company." Investigation and comparison with other Companies is courted.

The National has more assets in proportion to its liabilities than any other Company. The cost of doing its business is less than any other, with two or three exceptions. The interest actually received in the year 1871, paid all the losses, and nearly all the expenses.

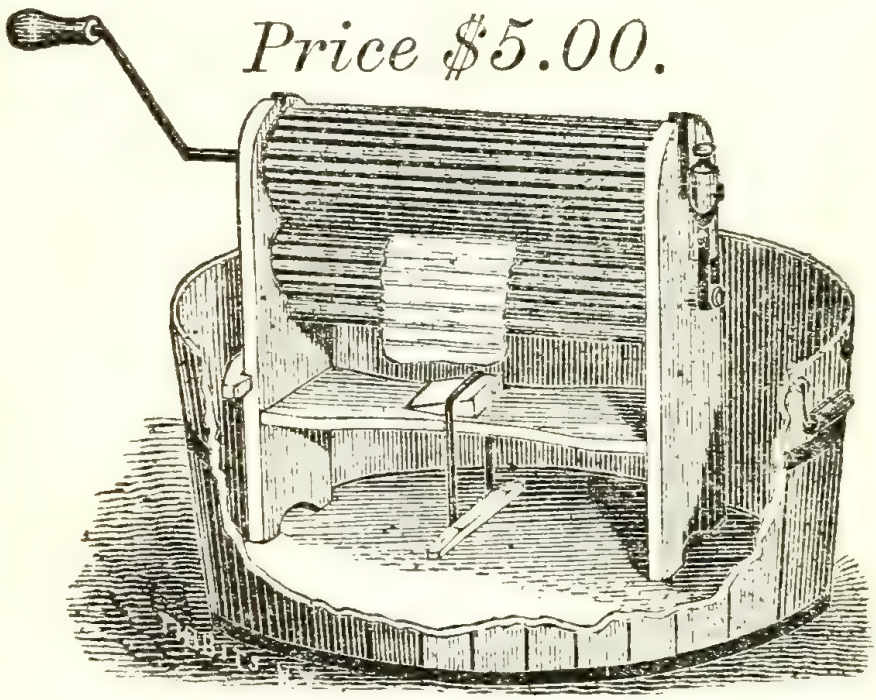
MONEY

Can be made! Agents wanted.

We feel warranted in saying to Active Energetic Men everywhere, that there are but few if any other articles in the market that yield such *large profits with small capital* as our Wringer and Washer. Any farmer, mechanic, or laboring man who will persevere and not be idle, can make from $100 to $200 per month. The business requires but a small capital and involves no risk.

COLBY'S PREMIUM WRINGER and the COLBY LITTLE WASHER,

Price $5.00.



Are now unquestionably the most practical and *perfect*, and we propose to make them the **MOST POPULAR MACHINES** in the world. To accomplish this as speedily as possible we are dividing up the territory by Towns or Counties to local or canvassing Agents. Such Agents we want everywhere, until the field is all occupied. To men and women who are willing to work, and want to *make money*, we offer to make liberal inducements.

From a long experience with agents and the best methods of selling such articles we have compiled some instructions and advice which we will send free to all who request it.

Head your letters with your Post Office address, *always indicating the Town, County and State.* Address,

Something New in Paper Machinery.

TAYLOR & BRIGHTMAN'S PATENT

Corrugated Engine Roll

AND

BED PLATE.

It is a well-known fact with all paper manufacturers, that there has been no improvements made in Paper Rag Engine Rolls since they first came into use, about the year 1750. After a series of experiments, we have perfected an Engine Roll and Bed, that has many advantages and improvements over the ordinary Engine with straight Bars, some of which we will enumerate.

More capacity and beating surface. Takes less power. More strength. Costs less money. Does not clog the stuff at end of roll, where a large amount of power is wasted. The knives never require chipping or get dull. Less liable to injury from iron or other foreign substances getting into the engine. Can be attached to the old spindle in a few hours.

Many improvements have been made in Beds, over the old Elbow Plates, down to the Angular Bed Plates. We claim the same improvement on the Bed Plate, over all others, as on the Roll, They are made without bolts, giving more depth of steel, or cutting surface. Cost less money, and never get out of order.

We make the double or reverse Corrugated for the straight Bar in Roll, which will keep the Bars in Roll and even surface.

We can make the Rolls or Beds any desired thickness of steel wanted, or any number of Bars desired, in the Bed or in the Roll.

The Corrugated Bed has this advantage over the Angular Bed—the Bars are irregular the entire length, and leave no sharp corners in the bend of the Bar.

We fill our Beds with a water proof filling; and the chemicals have no action on the filling, as they do when wood is used.

The St. Albans Lime.

MANUFACTURED BY

C. H. FONDA, St. Albans, Vt.

IS ABSOLUTELY

THE PUREST LIME IN THE UNITED STATES.

It has been analyzed by Prof. A. D. Hager of New York, who pronounces it

99½ per cent. Pure Lime.

It is particularly adapted to Paper Makers' and Bleachers' use, as it is unequaled in pureness, whiteness, and strength. Parties who have used it for these purposes will use no other. For Masons' use it is best and cheapest, as it takes more sand than other lime, and makes

A STRONG, WHITE PLASTER.

Put up in 200 lb. and 300 lb. Barrels, (net weight,) and warranted full weights. The barrels are well coopered and nailed—are made of spruce and will not fall to pieces by handling.

Address

C. H. FONDA, St. Albans, Vt.

We have used about 300 barrels of this Lime in the past six months, and find it far superior in strength and purity to any we have tried.

PETTENGILL'S KIDNEY-WORT

TRADE MARK☆

"GREATEST BLESSING OF THE AGE."

This invaluable medical compound is not liable to the common prejudice against such liquid preparations as "Bitters," "Buchus," &c., doctored with poisonous rum or minerals. It is a dry, purely vegetable compound (requiring only the addition of pure water,) possessing remarkable curative properties—a gentle cathartic, without debilitating, (as is the case with most purgatives,) removing all unhealthy secretions and vitiated blood, healing and invigorating the system; effectually curing some of the most common and painful diseases afflicting mankind that baffle medical skill: all forms of

Piles, Kidney Complaints, Gravel, Lumbago, Constipation, &c.

WARRANTED TO AFFORD RELIEF.

Joy has come to thousands of sufferers from piles and kidney complaints by the use of Pettengill's Kidney Wort, and still greater numbers as they learn of its remarkable curative properties will yet rejoice to find permanent relief in a remedy so simple and yet so efficient. In the circulars published are a few testimonials: Wm. B. Skeels, of Highgate, was cured more than four years ago, and but for it he says, "I firmly believe I should not now be alive." H. A. Hinkley, of St. Albans, after suffering for seventeen years, was relieved by the Kidney Wort, and says, "I regard it as one of the greatest blessings of the age." B. Ryder, Railroad conductor at Bedford, Ms., under date of Aug. 8, 1872, says: "I am confident that if I had not taken it I should not now be alive." Regular Physicians use it. Dr. R. R. Clark who has a large practice in Grand Isle Co., and is the worthy Deacon of a Congregational church at So. Hero, Vt., says: "*It works like a charm*, better than any other remedy for Piles and Kidney troubles I ever used—always beneficially." About a year later, under date of July 11, 1872, in ordering some more Kidney Wort, Dr. Clark says: 'My confidence in its value continues unabated. I have received several letters, addressed to me from different parts of the country, asking if what purported to have come from me and published in your circular, was genuine—if it really came from me, and if I still held the medicine in favor; to all of which I could most conscientiously answer, yes. I have sent some to Missouri, and to Clarksville, Va., to acquaintances who have written to me to prescribe for them."

☞ Sold by dealers in medicine generally, who are supplied also with circulars. If the Kidney Wort cannot otherwise readily be obtained, the Kidney Wort Co., St. Albans, Vt., will send a package to order, postage paid on receipt of one dollar. MOULTON'S PATENT WOODEN WATER-TUBING.

The Purest, Cheapest and most Durable Water Conductor known. Warranted not to burst by freezing, and so constructed that it will stand a very great pressure. It is made in two pieces, tongued and grooved each side of water-course, turned round, wound with copper WIRE sunk in grooves; the ends then being capped the whole is boiled in Coal Tar, connected with cast iron couplings made to suit any position. One length was taken out and is on exhibition, after having lain in the ground *nine years in dry gravel*, two feet two inches under ground, and found to be *perfectly sound*, and was only painted with coal tar. Being only ⅝ of an inch thick, it *saturates* with water which *keeps it from decaying.*

Costs from 50 to 100 per cent less than lead or iron!

Being made of Kiln-dried lumber from six to fifteen feet in length, it is portable. The ¾ inch bore weighing only ten pounds per 16½ feet with couplings, there being a saving on the *freight* as well as on first cost. Any one can lay and adjust 300 rods per day, in a good ditch.

PRICE OF TUBING, WITH COUPLINGS,

At the Factory in Morrisvile, from and after Jan. 1st, 1873.

¾ inch bore, per foot, 7 cts.; 1 inch, 8 cts.; 1¼ inches, 9 cts.; 2 inches, 20 cts. Sap Tubing, ¾ inch bore, not tarred, per rod, 80 cents. Other sizes in proportion. Ten per cent added to the above for every five pounds pressure or 10 feet head above fifty feet. *The pressure* should *always* be specified in ordering; also number of "T's," obtuse angles and elbows, if wanted. Extra couplings furnished if desired and charged according to size. Cylindar, Brass perforated Strainers furnished at 50 cents each.

Terms CASH, except in towns where it has not been used; in such cases, one-half on delivery, and the balance in 30 days. Shipped when desired. All our work is warranted.

PATENT

Furnace Grate Bar,

For Steamboats, Steamships, Locomotives, Stationary Furnaces, &c.

Patented November 5, 1867.

These Bars are acknowledged by all practical engineers to be superior in every respect to all other Bars in use.

By double curving the Bar, a livelier draft of air is afforded, producing more perfect combustion and more steam than any other Bar with the same quantity and quality of fuel.

The strain of expansion being overcome by the spring of the Bar, a uniformity of *air spaces*, is preserved, insuring a free draft at *all times*, thereby greatly saving fuel.

They are admirably adapted to the burning of all kinds of fuel from the finest dust to the coarsest coal.

These Bars have been extensively used for the last year, and in every case have given entire satisfaction, as will be seen by the many testimonials which we have received.

We are prepared to furnish them at short notice and very reasonable terms, suitable for all kinds of fuel, and warrant them to give satisfaction.

Parties sending orders for our Patent Grate Bars will please give the exact width and length of furnace; also, kind of fuel used.

Parties desiring Grates will bear in mind that they are made to fit any place where the common straight bar, or any other style of grate, has been used, and that no alteration of furnace is required.

Orders respectfully solicited, and immediate and prompt attention given.

N. B. The cuts of the above were destroyed in the late fire, and could not be replaced before going to press.

R. DANIELS'
Patent Apple Crusher,

For Crushing Apples, Grapes, Corn, &c.

Patented May 25, 1869, also June 18, 1872.

This Mill consists of Two Crushing Rollers of different sizes running equal revolutions, so as to give the apple a rolling motion while being crushed, turned and planed exactly true, with ribs projecting one-sixteenth of an inch, just wide enough to set the Rolls apart to let the apple seeds through, and are kept apart with two set screws so arranged that you can widen the space between the Rolls so as to let a peach stone through without cracking it. The Rolls are held together by springs and can be set so light that one lb. pressure would hold them apart, or they can be set hard enough to crack corn. This arrangement allows nails, stones and hard substances to pass between the Rolls without injury to the Mill. This is a principle which no other Mill has a right to use. We warrant our Power Cider Mills to crush a bushel or more apples with less power, less time with the same power, get more cider, clearer and better than can be done in any other Apple Mill now in use in this country. We build three sizes, viz:

No. 1, Hand Mill (without Press) will crush 50 bushels per hour with horse power; with man, 5 to 15. Price $30.
No. 2, One Horse Power, 50 to 100 bushels per hour. Price $50.
No. 3, Two Horse Power, 100 to 200 bushels per hour. Price $60.

Read what one of the largest Manufacturers of Cider and Cider Vinegar in New England says.

Milton, Mass., June 29, 1871.

MR. R. DANIELS—*Dear Sir:* The Cider Mill I bought of you last fall gave me such entire satisfaction, I thought I would drop you a few lines to that effect. I have always used the grater, but find your Mill far superior. With the grater, there are a great many small, hard pieces, that is next to impossible to extract the juice, while yours so completely crushes the apples that it leaves the juice free to run with much less pressure; or, otherwise, you can obtain much more cider with the same pressure. Besides, the cider is very handsome, bright and clear, and very free from the small particles or pomace which you will find considerably in cider made from grated apples. I think it will give satisfaction to every one who gives it a trial.

Yours truly, C. L. COPELAND.

We have made great improvements this year (1872) and sold Mr. Copeland another No. 3 Mill.

Mr. REUBEN DANIELS—*Dear Sir:* I have got the Mill up and it works splendidly. It could not be better. We are grinding thirty barrels easily in twenty-two minutes. Yours truly, C. L. COPELAND.

Any amount of similar testimony could be furnished if necessary.

The only Fair at which we have exhibited our Mills was at the Vermont State Fair, Sept. 13, 1872, when we drew the first premium, $10.

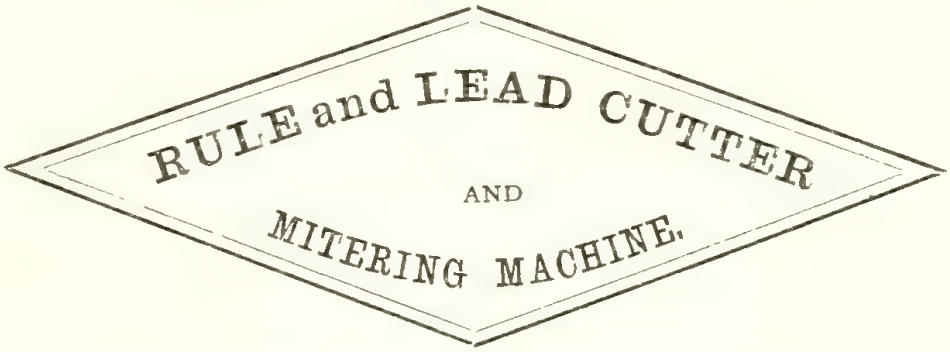
WALKER & BANCROFT'S

NEW AND IMPROVED PATENT



The attention of Printers is hereby called to this new and exceedingly useful machine, the want of which has been so long felt among the trade. It is believed that this is *the only machine* in the market that will *cut*, *square*, and *miter* any thickness of brass rule or leads. Machines have been made for cutting, and others for squaring and mitering; but *all* these operations may now be performed with this *one* machine, occupying hardly any more space than the old fashioned lead-cutter. It is surprising with what ease it cuts the thickest hardened brass rule. For rule and figure work it is indispensable, as it cuts the rule and leads without curling or breaking, and of any length required.

No Office should be without one.

The advantages of this machine are briefly summed up as follows:

1st .It will cut any thickness of rule now made.

2d. It will miter the same with accuracy to any desired angle.

3d. It will cut thin brass rule for tabular work without *curling* the short pieces needed.

4th. It is a very superior and quick lead-cutter.

5th. The machine is so constructed that the cutting knives never can work loose and rickety as other rule and lead-cutters *invariably* do after being in use a short time.

6th. The arrangement of power is such that it cuts with great ease.

Other advantages might be enumerated and certificates of its superiority given from those who have used it. One of these machines has been in constant use for more than a year at the well-known "Riverside Press," in Cambridge, Mass., and given great satisfaction.

CRAMPTON'S IMPERIAL

Laundry Soap!

Will wash with Hot or Cold Water.

Superior for the Laundry; Good for all kitchen purposes, cheaper for washing than Soft Soap at four Dollars a Barrel, and a

Splendid Toilet Soap,

Leaving the skin soft and white without injuring it.

Good Soap, like good wine, is improved by age,—Among the ruins of Herculaneum and Pompeii, Soap was found in a good state of preservation, after having been buried over 1,700 years.

A box of Soap in a family is better than "*money at interest*," as when from three to six months old, one pound will go further than three pounds of new soap. Ask your grocer for a box of

Crampton's Imperial Laundry Soap,

And if he does not keep it send your orders to

CRAMPTON BRO'S.,

33 & 35 Jefferson Street,

NEW YORK.

MAKE YOUR OWN SOAP.

One pound of Crampton's Imperial Laundry Soap will make twelve quarts of handsome Soft Soap. Ask your Grocer for it and try it. Directions on wrapper.

SUBSCRIPTIONS WANTED

For two important and interesting historical works about to be issued as soon as the expense is guaranteed, the

Documentary History

Of the Protestant Episcopal Church in the "Eastern Diocese."

The author of this book, having been engaged for nearly twenty years in making researches preparatory to its publication, has now so far accomplished his labors as to warrant the expectation that it can be put to press as soon as the requisite number of names is obtained.

The Republication of

The Early Journals of the General Convention of the Protestant Episcopal Church in the United States.

The Publishers will content themselves with saying that this work is by the Rev. WM. STEVENS PERRY, Secretary of the General Convention, and is nearly ready for the press.

CIRCULARS

Giving further information about either of these works, and prepared for subscription, will be furnished on application to the author, or to

CHRISTIANITY
AND
Modern Infidelity,
THEIR
RELATIVE INTELLECTUAL CLAIMS COMPARED.

The above is the title of a book by the Rev. R. W. MORGAN, perpetual Curate of Tregynon, recently reprinted by the Publishers of the Vermont Register. The author says "It contains the substance of certain conversations between a person of property and position, professing Infidel principles, and the author, on the subject indicated by the title;" and he adds that "As the principles of Infidelity are unfortunately not confined to any one class of society, the composition has been made as plain, and the diction as little technical, as the nature of the subjects under discussion admitted."

SEND FOR A COPY.

The Morning Express Train, leaving Boston, arrives at Burlington, St. Albans, Montreal and Ogdensburg the same evening.

The Night Express Train, leaving Boston in the evening, arrives at the above named places the next morning.

These trains connect at Ogdensburg with Trains and Steamers for Toronto, Detroit, Chicago and the West.

Passengers leaving New York via Springfield, at 3:00 P. M., will make direct connections, arriving at Burlington, St. Albans, Montreal, and Ogdensburg the next morning. TOURISTS AND PLEASURE SEEKERS will find this route unsurpassed for mountain, lake and river scenery. The valleys of the Connecticut, White, and Winooski Rivers abound in delightful mountain and river scenery. Lake Champlain, and Lake George present the most beautiful lake scenery that the country affords.

Tourists traveling between Saratoga and the White Mountains, can leave the cars at Waterbury, and visit

Mount Mansfield, the most Noted Peak

of the Green Mountains, and find themselves amply repaid by viewing the beautiful scenery from the top of the mountain.

* Erroneous: these persons were set down as slaves by mistake. The Marshall returned them in fact, as in fact they were, as *Free Blacks*. The first Constitution of Vermont, 1777, excluded Slavery.

HISTORY OF THE STATE.

Vermont was first settled by some emigrants from Massachusetts, at Fort Dummer, now Brattleboro' in 1724. It was long claimed both by New-York and New-Hampshire, and did not become an independent State until the breaking out of the war of the Revolution, nor was her independence as a State acknowledged by New York until March 4, 1791. She was the first new member of the American confederacy, added to the original thirteen. The State derives its name from the French, Verts Monts or Green Mountains. It lies between the latitudes of about 42°44' and 45°, and has a length from north to south of 157½ miles, and its greatest breadth from east to west is only 85 miles, and its least about 35.

MOUNTAINS OF VERMONT.

The heights of some of the peaks of Vermont are: Mansfield Mountain, North Peak, 4389 feet; South Peak, 4056; Killington, Peak, 4221 feet; Killington Dome (Pico), 3935 feet; Camel's Hump, 4088 feet; Ascutney, 3165 feet.

AMENDMENT OF THE CONSTITUTION.

In May, 1870, the Constitution of Vermont was so amended as to provide for biennial elections, and meetings of the General Assembly.

CIVIL GOVERNMENT OF VT.—Oct. 1872 to Oct. 1874.

A Convention, consisting of delegates selected by the freemen of the several towns, declared the Independence of Vermont, Jan. 15, 1777; and by a like convention, the first Constitution was adopted, July 2, of the same year. The Constitution has remained without very material alterations, the chief being the substitution of a Senate of thirty members, apportioned to the several counties according to population, and chosen by a plurality of the freemen of the several counties, in lieu of a Council of twelve members chosen by a plurality of the votes of the State at large; and in 1870, a change from annual to biennial State elections and meetings of the Legislature.

The frame of government now provides for: I. THE EXECUTIVE, the chief officers of which are Governor, Lieutenant Governor, and Treasurer, all of whom are elected biennially by the freemen of the State. II. A SENATE of thirty members, elected as before mentioned. III. A HOUSE OF REPRESENTATIVES, consisting of one member from each organized town, elected by the freemen thereof. IV. A JUDICIARY, the officers of which are all elective, the Judges of the Supreme Court (who are also Chancellors) by the Senate and House of Representatives, in joint assembly; the assistant Judges of County Courts, (a judge of the Supreme Court presides in each County Court), Judges of Probate Courts, Sheriffs, State's Attorneys and High Bailiffs, by the freemen of the respective Counties; and Justices of the Peace by the freemen of the several towns.

The State election is in September, biennially, and a majority of all the votes cast is required to elect every officer, except Senators and other county officers, including in the latter justices of the peace elected by the several towns; but in March, the freemen of each town meet for the transaction of the public business of the town and the election of all town officers embraced in the list under that head in this Register, and also a much larger number of officers whose duties are of local interest only. Every term of town officers is limited to one year, or until others are elected, and all town elections are therefore annual. The Governor's power of appointment is very limited, embracing ordinarily his Secretary and Military Staff only; but he has power to fill any office created by law, where the appointment is not fixed by the constitution or a statute, a case which has rarely occurred; and also to fill any vacancy occurring by death or otherwise, until the office can be filled in the manner required by constitution or laws. By recent statutes, the Governor may nominate, subject to approval by the Senate, six members of the Board of Education, and six members of the Vermont State Board of Agriculture, Manufactures and Mining. The heads of the various State Bureaus, (except the treasurer), and Generals of Divisions and Brigades, are elected by the Senate and House in joint assembly—the former officers biennially, and Generals when vacancies occur.

NOTARIES PUBLIC.

More than once the publishers of the Register have been requested to give a list of Notaries Public in the several counties of the State, with their places of residence. As these officers have some of the powers of Justices, other than for the trial of suits, such a list would be convenient, and the publishers would gladly give it if they could do so. The appointments are made by the County Courts at their several terms between January and December annually, and each appointment is in force for one year *from the date of appointment;* it therefore follows that a list published in any number of the Register would be of little use—certainly it would be unreliable—because it could not contain the Notaries appointed and serving in office *in the year for which the Register is printed.* For this reason alone it would be advisable not to attempt a record in the Register; but there is another reason, for while the statute requires the County Clerks to return a list of these appointments, when made, to the Secretary of State, this provision of the law is generally neglected. On applying to the Secretary of State, this day, for a list of Notaries, the editor found that returns had been made from three counties only out of the fourteen. October 17, 1872.

STATE INSTITUTIONS.

VERMONT ASYLUM FOR THE INSANE, Brattleboro', established in 1834—Wm. H. Rockwell, Superintendent and Physician. Patients in the year ending Aug. 1, 1870, 518: admitted during the two years, 249, making 767: of whom were discharged 264, leaving, Aug. 1, 1872, 503. Of the patients discharged 99 recovered, 48 were improved, 43 were not improved, and 74 died. It is hardly correct to call this a "State institution," it being, in the main, private property.

VERMONT STATE PRISON—Windsor. [For chief officers see Executive list under the head Civil Government of Vermont.] Expenses 1871–2 $11,831.94; receipts from labor of convicts and fees of visitors, $15,486.25; excess of receipts, $3,654.31. Prisoners committed in 1872, 32; pardoned 8, term expired 19, died 1, sent to Insane Asylum 1; making 29 discharged. Total number in prison at date of the report, 93; of whom 89 are males, and 4 females.

VERMONT REFORM SCHOOL, Waterbury.—[For boys only.] Wm. G. Fairbanks, Superintendent. Whole number in school Sept. 1, 1870, 99; Sept. 1, 1872, 117—increase in the two years, 18. Expended in permanent fixtures, 1870–1, $25,325.38; current expenses in excess of earnings for that year, $8,866.13. Expended for permanent fixtures, 1871–2, $24,140.86; current expenses, in excess of earnings, $10,834.04.

The reports of the above institutons to the State are published only once in two years, and this occurs in the *even* years. The summary of the reports of 1872 has therefore been retained.

AUTHORIZED LIST OF SCHOOL TEXT-BOOKS.

Selected for the schools of Vermont, by the Vt. Board of Education, June 18, 1872, for use after Nov. 1, 1873.

[For list in use to Nov. 1, 1873, see Register of 1872 page 65.]

At a meeting of the Vermont Board of Education, held at Middlebury, on Tuesday, June 18, all the members of the board being present, the list of Text-books given below was selected and authorized for use in the District Schools of the State, for five years from November 1, 1873:

READERS AND SPELLERS.

Webb's Word Method; New American First Reader, New American Second Reader, New American Third Reader, New American Fourth Reader, Hillard's Sixth Reader. New American pronouncing Speller.

GEOGRAPHIES.

Guyot's Elementary Geography, Guyot's Intermediate Geography, Guyot's Common School Geography for Grammar and High Schools only. Hall's Geography and History of Vermont is required by Statute to be used.

ARITHMETICS.

French's First Lessons in Numbers, French's Elementary Arithmetic for the Slate, French's Mental Arithmetic, French's Common School Arithmetic.

ALGEBRA.

Greenleaf's Elementary Algebra.

GRAMMAR.

Greene's Introduction, Greene's English Grammar, for Grammar and High Schools only.

HISTORY.

Anderson's Pictorial History, Anderson's United States History.

NATURAL PHILOSOPHY.

Steele's 14 Weeks in Philosophy.

The Board also recommend for use in the District Schools of the State, Conant's Parsing and Drill Book, Spencerian System of Penmanship, and Alden's Citizens' Manual of Civil Government.

In their action upon this important subject, the Board have had constantly in mind not only the abstract merits of the books examined, but also the condition and needs of the schools, and the expense to be incurred from year to year, in supplying pupils with text-books.

As, in the minds of some people, the subject of great additional cost is one associated with a change in text-books, the attention of the people of the State is especially invited to Sections 5 and 6 of the Act of Nov. 17, 1866, which is as follows:

"When any change is recommended by the Board as herein provided, it shall only be a gradual change, not involving any extra expense to the pupils of the Schools in the State; and the direction given by the Board shall be, that new books hereafter purchased as new classes are formed shall be those by them selected and prescribed."

"Whenever an exchange of books shall be made, under the provisions of this act, it shall be upon the conditions entered into with the publishers of any new books adopted, that they shall receive all books in the hands of book dealers in this State, in good condition, discontinued by the Board of Education, and shall allow to dealers the full trade value therefor, and shall receive all the books in hands of families or scholars in this State, discontinued by the board of Education, in exchange for the new books ordered of the same class, allowing therefor the true value of the same according as they have or have not been used." By order of the Board,

JOHN H. FRENCH, Secretary.

VERMONT LIQUOR LAW.

The Vermont law prohibits the sale or gift of any intoxicating liquors, except by a lawful agent appointed in each town, allowed to sell only for medical, chemical, and mechanical purposes. For every act of selling or furnishing by any other person, the penalty is a fine of $10 and cost on the first, $20 and cost on the second, and on the third conviction, $20 and cost, and not less than three nor more than six months in the county jail. The penalty for manufacturing intoxicating liquor is a fine of $100, and $200, and a fine and imprisonment

on the third conviction. Intoxicating liquor kept for unlawful sale may be seized and confiscated, and the keeper fined or imprisoned, the same as for selling. Persons unlawfully selling intoxicating liquor are liable for all damage resulting from intoxication produced partly or wholly by the liquor sold by them.

Note.—The Indian Territory and Alaska are not included nor mentioned in any of the census tables above epitomized.

STATUTE RULE FOR RECKONING INTEREST.

An Act in addition to chapter 79 of the General Statutes, entitled "of money of account and interest."

It is hereby enacted, &c.

SEC. 1. The rate of interest, or the sum allowed for the forbearance or use of money, shall be six dollars for one hundred dollars for one year, and the same rate for a greater or less sum and for a longer or shorter time; and no higher rate shall at any time be allowed.

SEC. 2. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest, when payments are made, such payments shall be applied, first to liquidate the interest that has accrued at the time of such payments; and, secondly, to the extinguishment of the principal.

SEC. 3. On all notes, bills, or other similar obligations, whether made payable on demand or at a specified time, with interest annually, the annual interests that remain unpaid shall be subject to simple interest, from the time they become due to the time of final settlement; but if in any year, reckoning from the time such annual interest began to accrue, payments have been made, the amount of such payments at the end of such year, with interest thereon from the time of payment, shall be applied, first to liquidate the simple interest that has accrued from the unpaid annual interests; secondly, liquidate the annual interests that have become due, and thirdly, to the extinguishment of the principal.

SEC. 4. Nothing in this act shall be so construed as to affect any existing laws relating to banks and banking institutions, nor to notes and contracts existing before the passage of this act.

SEC. 5. This act shall take effect from its passage.

Approved, Nov. 19, 1866.

BY THE PUBLISHERS.

By the above heading we wish it to be understood that the well-known editor of this annual, the Hon. E. P. Walton, is not to be held responsible for what follows. While he is endeavoring, year by year, to keep up the character of the Register, we, on our part, are laboring as assiduously to improve the Business Directory. This part of the volume, we find, is coming yearly more and more into use and notice. Hardly a week in the year now passes that we do not receive orders for it from outside of the State. And here allow us to say to booksellers that they would do well to post themselves more thoroughly in the contents of the Register, in order that they may be able to recommend it to all their customers. *Every family should have a copy*, every year. No business man can get along comfortably without one. Every professional man *will have* one, after he knows what it is. We are free to state our belief that as a *History of the State*, no book ever was or ever will be published which can begin to compare with the successive volumes of the Vermont Register.

Allow us, although it will take some space, to carry you through this treasury of information. We state some things so briefly that perhaps all do not understand them. Take for example the town of Rockingham on page 168. The name of the town is printed in black letters so that you can easily find it. The next word is *Windham*, printed in letters not so black, but still quite prominent. It is the name of the County in which Rockingham is located. You are next informed that the population, at the time of the last census, was 2854. Next you find that it is 105 miles South-east from Montpelier, the capital of the State. You then find that the nearest point where a person can take cars is at Bellows Falls, which happens to be quite a well-known railroad centre, the names of all the roads which centre there being given. So much is contained in but little over two lines.

In the next paragraph you find the names of all the town officers—

then comes the postmaster and the one at Bartonsville, which you may safely conclude is a village in the town of Rockingham. Then come the Justices, who, though strictly *county* officers, still are elected by the town; lastly we mention a Hotel and a few Merchants.

But don't think you have got through with Rockingham. Not by any means. You see next, in black letters, but not quite so large as Rockingham, *Bellows Falls*, followed by a much longer list of names, under the following heads: Postmaster, Express Agent, Telegraph Agent, Banks, Churches, (the name of each Church followed by the name of the minister, and any other minister of the same denomination who may reside there)—Eating Houses, Hotels, Lawyers, Literary Institutions, Livery Stables, Manufacturers, Mechanics, Merchants. (the trade and kind of goods specified) and Physicians. And we have not got through with this town yet. Here is *Cambridgeport* with its little list and *Saxton's River* with its larger one, so that Rockingham is, after all, but a very small part of itself. This is a very good place to remark upon a new feature which we have introduced this year for the first time. If you will take the trouble to turn to its place, in alphabetical order, you will find Bellows Falls set down there too, so that if any one should not happen to know that such an important place as Bellows Falls is not a town at all, and should look for it as such, he would still easily find it by looking as he would for any other town. The same is true of any village, *having a post-office*, in the State. But, after all, it may be asked, are all these items of information correct? How do you find out about them, and how often do you revise them? The answer is, we get our information, fresh, for each number of the Register, from some one then living in the town and supposed to know. In short, we *generally* get it from the town clerk, but do not print it till we have referred the proof-sheet to the postmaster or some other competent person for his sanction. After all that, of course there may be errors. Neither the town clerk nor the postmaster may be as careful as he should; and, as time elapses, men remove or die, or give up office, or go out of business—and the larger the town is, the more of these changes there will be. Still from the best information we can get, we are satisfied that our BUSINESS DIRECTORY is as nearly right as any reasonable man could expect. That is all we claim for it, and as such we are willing to submit it to any candid critic, and to offer it as a guide to the stranger seeking information about the towns of Vermont.

We must not forget to mention that while the Register is a *History* of the State, it is almost no less a *Geography* of the State. It has been, for a number of years, the opinion of some people that it is as well to know something about our own vicinity as about things at a distance. To this end a Geography and History of Vermont has been published, and the use of it, if not made obligatory, very strongly recommended by the Legislature. While we do not put forth our book as a text book in history, geography or anything else, yet as a book of reference we claim that it contains valuable information on Geography as well as History. For, notice that, with every town, we give you its direction and distance from the capital of the State—not, to be sure, being very nice to give minutes and seconds as to direction, nor feet and inches as to distance—but both with enough accuracy to enable any woman, child or man to find the town, on the map which we furnish at the beginning of the book. We would, for a small compensation, undertake to select a hundred full-grown Vermonters

whose knowledge of Geography could be increased by a few evenings' faithful study of the Register!

Having stereotyped the pages of the present issue, we propose, *if the sales for the year shall warrant it*—there being no limit to the number which we can supply—to procure a new map for the Register, which shall show both Vermont and New Hampshire, with all the county and town lines plainly drawn, and, also, the railroads, with all the important stations.

There are, undoubtedly, fifty thousand families in Vermont of sufficient intelligence to appreciate the value of an annual publication of the character of Walton's Vermont Register. The question is, shall we print so many copies for 1874? The price is so low that any man of sufficient pluck to go without his morning cigar a couple of days *can* have one—unless he smokes those vile things which can be bought for less than ten cents—which, of course, no *gentleman* does!

People of Vermont, we are ready to furnish you with 50,000 Registers for 1874, or any other year except those which are past. Will you have them? Send in your names. Send us the name of some son or daughter who is "out West." If your neighbor comes to borrow your Register, or to "just look in it a minute"—accommodate him, and tell him we wish to hear from him.

If any Vermonter who is in active business, on his own account, cannot find his name in the Register, we wish to hear from *him*. If any one cares to have his name in—on the whole is *willing* to have it—thinks it well enough, though he don't quite see what good it does—or if he would like to have his great grandchildren know that such a man once lived and moved, let him *buy a Register*, and lay it up at the end of the year—and buy another.

But, our space is lessening with every line we write. How shall we, how dare we close without a word about "the panic?" In a certain sense, as we have already said, we are *chroniclers*. Politics is out of our range—as good old Bishop Griswold once said, "We have no religion to *boast* of;" and we should not dare to express an opinion whether a man who was shot a few times, with a pistol, so that he died, was *murdered* or only *homicided;* but panics seem to be common property, with all sorts of folks, and so we suppose we may be allowed to say that, in the year of grace, 1873—in the fall of the year, while the yellow fever was decimating the cities, towns and villages of one portion of our country, a panic—a speculative panic—a commercial panic—an all sorts of a panic sprung up in the city of New York, swept through Wall Street and up Broadway, and from there spread all over our "dear native land," carrying terror to every heart, shutting up factories, turning laborers into the streets, breaking Railroads, smashing Banks, keeping honest men from getting their honest dues—all this and more while the common sort of folks could not see—could not be *made* to see why there were not more elements of prosperity and evidences of thrift on every hand, than God had ever blessed us with before. While we write, it is too early to predict when the *scare* will end, but, having a large share of hope, the publishers of the Register expect that twelve months will not roll round before they will again be calling on the town clerks and Mr. Walton to furnish them with copy for the Register of 1875; and so, thanking our numerous friends, as purchasers and advertisers in the past, and especially those whose patience has brought them to this point in our discourse, we beg that they will next turn their attention to our bill of fare, which will be found at the end of the book.

CATARRH

Killing more People than any other Disease.

CONSUMPTION

Is neglected Catarrh.

Constitutional Diseases Cured by Remedies that build up the Constitution.

Its Causes, Effects, Treatment and Cure.

BY HENRY S. HALL, M. D.

Under this head Dr. Hall writes a long essay, stating that "catarrh is at first purely an affection of mucous membranes, characterized, as its name implies, by an abnormal and inordinate flow of serum, and of the natural secretion of the follicles of the membrane. He describes these membranes and their functions, and shows how neglected catarrh leads to a train of serious maladies in every part of the body, and explains at length the manner in which the Constitutional Catarrh Remedy acts upon the system and heals the disease. We have space only for the following extracts:

"A long existing, neglected or chronic Catarrh, affecting as it does the innermost parts of the body, would seem to require a course of medication which should be constitutional in its character, and not one merely addressed to those parts of the mucous membrane which are accessible externally. The Constitutional Catarrh Remedy fully answers this requirement. A careful analysis of this valuable remedial agent, discloses the fact that its constituents are selected from the choicest articles of the *materia medica* which have a specific curative effect on the tissues for which they are intended. Certain it is, that most wonderful cures have been wrought by this medicine. Some of the most hopeless cases of chronic or neglected catarrh have been treated with this *constitutional* remedy with the most satisfactory results, both to the practitioner and the patient. Chronic Catarrh is then, as we have seen, really a constitutional disease, affecting, either directly or indirectly, nearly every tissue in the body. Local applications, either inhalations, vapors, lotions, washes or injections, are not only useless, but in many instances are positively injurious.

Such appliances will do no more good toward relieving a case of neglected Catarrh than the throwing of water on the outside of a building will extinguish a fire that is raging within. The disease is in the interior of the body, not on the surface. Something must be taken that will affect alike every mucous membrane in the body, and thus indirectly affect nearly every tissue.

"Now let us look into the question of the *modus operandi* of this great constitutional remedy, and see how it restores the membranes and other parts to health. It is a well established fact in therapeutics that many of the drugs of the *materia medica* when taken internally have certain specific effects upon certain parts of the body, and that they are the same as inert until they reach those particular parts, having gone the entire round of circulation, and not till then, are their virtues imparted. Arriving at the particular tissues these agents then exert a catalyptic change upon their cells, causing such an alteration in them as to be productive of normal action and consequent restoration to health, not only of that particular class of tissues, but of all the surrounding parts which are sympathetically connected with them, and thus ultimately culminatiug in the complete restoration to health of the individual. That the Constitutional Catarrh Remedy certainly contains such specific medicines is a fact which need only to be referred to here, mention being made of the same at greater length by the following testimonials of astonishing cures performed by the Constitutional Catarrh Remedy.

Catarrh of 26 Years' Standing,

Liver Complaint & Sick-Headache Cured, and Complexion Cleared of Moth. Vermont Testimony.

Messrs. LITTLEFIELD & Co., Proprietors of Constitutional Catarrh Remedy:

I am 43 years old; have had Catarrh ever since I was seventeen, with constant discharges of thick, yellow matter from the head, severe pain in the back of the head, and have had a cough and raised most of the time. Have suffered from Liver Complaint and Sick-Headache for years. Physicians did me no good. Seeing your advertisement of the Constitutional Catarrh Remedy in the Mirror, I was induced to try it. At that time, first of July last, was very weak, with pain between my shoulders and in left side and back, and had no appetite. Before I had taken the second bottle the pain was all gone, appetite restored, my whole system renewed, and I was able to do my own work and walk a mile. My health is now better than it has been for fifteen years. My face had been covered with moth for years, which is now all gone.

Mr. Christopher Prouty of this place says the Catarrh Remedy is the best medicine he ever had in his family. His son Willie, a boy of 12 years, who has always been sickly, troubled with Catarrh and a constant hawking and hemming, throat and tonsils swollen, took the medicine, and in less than two weeks swellings and hawkings left, his health greatly improved.

We both thankfully recommend the Constitutional Catarrh Remedy to the afflicted, feeling as if we cannot say too much in its praise.

Waterville, Vt., Dec. 1872. MRS. E. M. FULLINGTON.

A Woman having Catarrh 35 Years, Cured.

And Droppings in Throat, Chokings, Stranglings, Pains in the Side, Loins, Headache, Dizziness and General Weakness, cured by less than three bottles of the Constitutional Catarrh Remedy.

To Messrs. Littlefield & Co.:

I am 53 years old, have had Catarrh ever since I was 18 years old and headache all the time; have suffered beyond description with running at the nose, droppings in the throat, chokings and stranglings. Have tried any quantity of Catarrh Remedies, but have found no relief till I tried your Constitutional Catarrh Remedy, six months ago, I found immediate relief.

Catarrh and all its attendant evils have left, Headache, pains in loins and ack, dizziness, loss of appetite and general weakness. Less than three bottles have cured me; I have not been so well since I can remember as now. I feel as if I could not say too much for the medicine, or thank God too heartily that through its instrumentality I have been restored to health. MARY M. ABBOTT.

Manchester, N. H., January 27, 1872.

The above lady is my mother. I am a painter by trade and am a member of the City Council of Manchester. Every word that my mother states is true. JACOB J. ABBOTT.

Catarrh of 25 Years' Standing,

With Droppings in Throat almost to Choking, Headache, Pains in Shoulders, Back and Kidneys, and Entire Breaking Down of the System, Cured by Constitutional Catarrh Remedy

To Messrs. LITTLEFIELD & Co.:

I resid at Manchester, N. H., and previously resided at Henniker, and am a native of Weare, this State. I have had Catarrh 25 years, ever since I was 19 years old; had it bad all the time. I run all that period, and nights it would fill up and drop down in my throat, causing a feeling of choking, so that I would spring up in bed to save myself from strangulation. It affected my head so that I felt confused, and was troubled with severe headache at intervals, for a week at a time. I also had pains in shoulders, back and kidneys, from which I suffered immensely. So bad were they, that a year ago last summer I was obliged to lie in bed most of the time for three months. I have tried all kinds of snuff and Catarrh remedies with no particular benefit, and consult d phys cians. I began to take the Constitutional Catarrh Remedy last August, I began to grow better before finishing the first bottle. I am now on the third bottle. My Catarrh is cured; my health is restored. I have no pains, aches or cough. My whole system is made over new. I know it is this medicine that has rescued me from intense suffering and almost the grave. I am now able to do the hardest work and bear the greatest exposure, and feel that I cannot say too much in favor o the Constitutional Catarrh Remedy.

MRS. E. J. FLANDERS.

Manchester, N. H., Feb. 1, 1871.

Constitutional Catarrh Remedy in Claremont.

Claremont, N. H., Feb. 16, 1871.

Messrs. LITTLEFIELD & CO.:

When I was at Manchester, I purchesed two bottles of your Catarrh Remedy. I took one bottle and let a friend have the other. We have both received great benefit from its use. I have recommended others to try it. Inclosed you will find money for three bottles more.

Yours respectfully, SAMUEL C. ABBOTT.

Claremont, March 23, 1871.

Messers. LITTLEFIELD & CO.:

The three bottles that you sent me are disposed of, and more is wanted. It is helping all that have taken it. One man says he would pay FIFTY DOLLARS A BOTTLE rather than not have it. He has taken 1 bottle. He came to-day and wanted another. He said he was deaf with one ear, and he thought the top of his head would come off. It has relieved him very much. Inclosed you will find money for six bottles more. Send by express.

SAMUEL C. ABBOTT.

CATARRH FOR TEN YEARS so bad that when I went to sleep I thought I should choke to death, Cured by two Bottles of Constitutional Catarrh Remedy.

Manchester, N. H., June 27, 1872.

Messrs. LITTLEFIELD & CO.:

I am 32 years old. I have had Catarrh 10 years. Have been weak and miserable and all run down with it, so that I did not feel like doing any work. I had continued discharges, and feared every night when I went to sleep that I should choke to death with strangling, so many times have I waked just in season to save myself from choking to death. Two bottles of your Constitutional Catarrh Remedy cured me. I feel perfectly well. Your medicine did the work. Nothing else ever helped me. I have recommended it to many others, and in every case its results have been as wonderful. I feel as if all sufferers from the loathsome disease of Catarrh ought to know of the almost miraculous virtues of your remedy. I reside at Manchester, N. H.

BELLE DOWNES.

Weakness of Kidneys and Pains in

Side and Back of Twenty Years' Standing, Cured in Two Weeks by less than a Bottle. A Catarrh Cough so bad as to prevent sleep nights, unless Catarrh Snuff was Perpetually used, cured with one Bottle. Testimony of a well-known and highly esteemed Citizen of New Boston.

Messrs. LITTLFIELD & Co.:

I have had Catarrh a little rising five years, and pains in back and weakness in kidneys for twenty. My Catarrh was so bad that if I did not take catarrh snuff I was troubled with a cough, more or less, all night. I have taken Marshall's Catarrh Snuff for two years, and particularly in cold weather had to take it every night to get rest. I began to take your Constitutional Catarrh Remedy about a month ago and have taken only one bottle. In less than a week the coughing nights left me, and I have had none since to speak of, though I have had none of the Remedy for a week.

I have had pains in my side so that I did not go out of the house for two weeks at a time. My greatest pain was in my right kidney. I have been at times a great sufferer, from my kidneys since 1850. In two weeks after I began to take your Constitutional Catarrh Remedy the pains all left. N. C. CROMBIE.

New Boston, N. H., April 27, 1870.

Adams House, 371 Washington St., Boston, Mass., Feb. 14, 1873.

Messrs. LITTLEFIELD & Co.:

Dear Sirs:—It gives me great pleasure to let the public know through you that by the use of your Constitutional Catarrh Remedy I have been cured of one of the worst cases of Catarrh. I am to day and have been since I left off using the Remedy, as free from it as when I was born.

For ten years I had the disease in the worst form. There was a continued filling up of my head, and a feeling as if I wanted to free it, and it was no sooner cleared out than it would again commence to fill up. At night and morning it seemed to assume its worst form. When I laid down there would be a running of mucous from my head to my throat, which caused me to awake in a choking condition. This brought on a cough which lasted me for some time, and I thought I had consumption.

Your Remedy was recommended to me by a friend who had used it and been cured of a severe case of Catarrh. The first bottle gave me such relief that I felt I could not say too much for your Remedy. I bought it of S. J. Noble, Druggist, 55 Green St., Boston, who will vouch for what I say. In all I used four bottles, and, as I said before, I am entirely well. Yours respectfully,

WM. TREADWAY.

IS ABSOLUTELY

THE PUREST LIME IN THE UNITED STATES.

It has been analyzed by Prof. A. D. HAGER of New York, who pronounces it

99½ per cent. pure Lime.

It is particularly adapted to Paper Makers' and Bleachers' use, as it is unequalled in pureness, whiteness, and strength, Parties who have used it for these purposes will use no other. For Masons' use it is best and cheapest, as it takes more sand than other lime, and makes

A STRONG, WHITE PLASTER.

Put up in 200 lb. and 300 lb. Barrels, (net weight,) and warranted full weights. The barrels are well coopered and nailed—are made of spruce, and will not fall to pieces by handling.

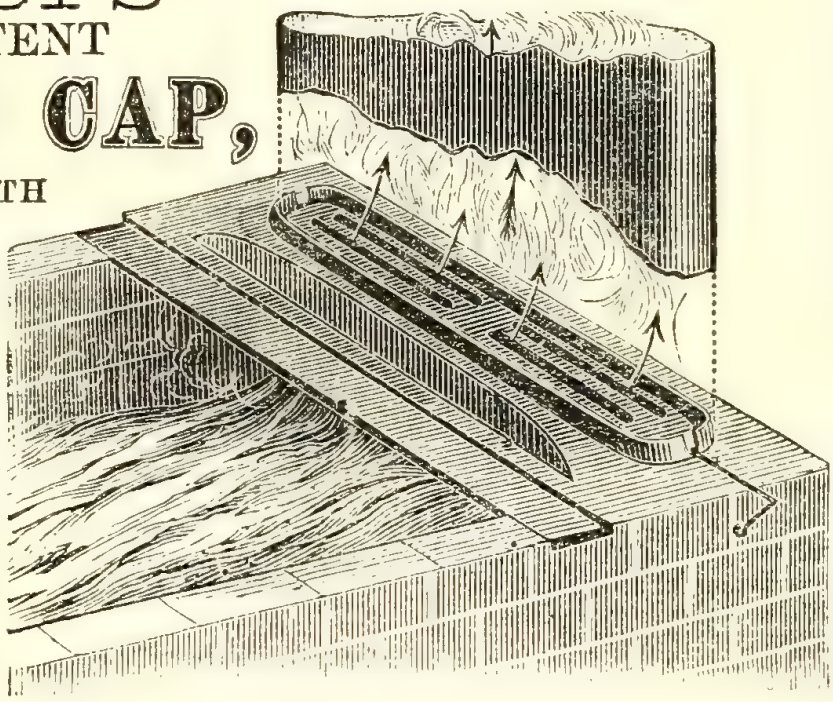
GALVANIZED EUREKA SAP SPOUTS & BUCKET HANGERS

Are warranted to work perfectly when used according to directions or money refunded. It is a well established fact that the Eureka obtain enough more sap to over pay their cost every year. Good, enterprising and responsible agents wanted at once to solicit orders in every town. Good pay secured. Samples, circulars and terms sent on receipt of twenty cents to pay postage.

POST'S PATENT FLUE CAP, WITH DAMPER



Designed to be used with sheet iron Chimneys upon Brick Sugar Arches for Evaporators or Pans.

This article has been thoroughly tested and a large demand has been the result. Many decided advantages are gained by their use. Brick Chimneys, so liable to action of frosts, are dispensed with. The Arch being merely **Straight Walls,** about **half** the brick and mortar is required, and but seven inches additional length to the Pan Bottom is the required length of Arch for the Flue Cap, inside measure. Five minutes labor will place them ready for use. They can be removed at pleasure, to repair the Arch, if needed. A greater heat with less fuel; a better draft with a perfectly controlable fire. They are cheaper and more durable than brick Chimneys.

PRICE—**Flue Cap, with Damper, $5.** A discount to the Trade. Iron Chimnyes furnished at usual price of pipe per lb. Address all orders to **C. C. POST,** Patentee. Burlington, Vt.

PETTENGILL'S KIDNEY-WORT

TRADE MARK☆

"GREATEST BLESSING OF THE AGE."

This invaluable medical compound is not liable to the common prejudice against such liquid preparations as "Bitters," "Buchus," &c., doctored with poisonous rum or minerals. It is a dry, purely vegetable compound (requiring only the addition of pure water,) possessing remarkable curative properties—a gentle cathartic, without debilitating, (as is the case with most purgatives,) removing all unhealthy secretions and vitiated blood, healing and invigorating the system; effectually curing some of the most common and painful diseases afflicting mankind that baffle medical skill; all forms of Piles, Kidney Complaints, Rheumatism, Constipation, &c. Joy has come to thousands of sufferers from piles and kidney complaints by the use of Pet ingill's Kidney Wort, and still greater numbers will, as they find permanent relief in a remedy so simple and yet so efficient. In the circulars published are a few testimonials confirming all that is claimed, by Hon. G. H. Rice, of Milton, late R. R. Commissioner of Vermont; Hon. J. W. Hotchkiss, of Fairfax; Elder Greene, of Montgomery; Mr. L. Jackson, produce dealer, of Boston; Mr. N. Fairchild, brother of Dr. F., and formerly a merchant of Milton, whose cure of piles was most remarkable. Wm. B. Skeels, of Highgate, was cured after enduring for years the agony of piles and kidney disease,and but for the Kidney Wort, he says, "I firmly believe I should not now be alive." H. A. Hinkley, of St. Albans, after suffering for 17 years, was relieved by the Kidney Wort, and says, "I regard it as one of the greatest blessings of the age." B. Ryder, Railroad conductor at Bedford, Ms., believes he was cured of a severe form of diabetes. Regular Physicians use it. Dr. R. K. Clark who has a large practice in Grand Isle Co., and is the worthy Deacon of a Congregational Church at So. Hero, Vt., says: "*It works like a charm*, better than any other remedy for Piles and Kidney troubles I ever used—always beneficially." About a year later, under date of July 11, 1872, in ordering some more Kidney Wort, Dr. Clark says: "My confidence in its value continues unabated. I have received several letters, addressed to me from different parts of the country, asking if what purported to have come from me and published in your circular, was genuine—if it really came from me, and if I still held th medicine in favor; to all of which I could most conscientiously answer, yes. I have sent some to Missouri and to Clarksville, Va., to acquaintances who have written to me to prescribe for them." Rev. S. Morgan, of Bristol, well-known missionary on the mountains of Vermont, contracted in the service, catarrh, rheumatism and kidney complaints, in a letter expressing his gratitude for the relief experienced, he says: "I have taken one package of the medicine and now I feel well all over."

☞ Sold by dealers in medicine generally, who are supplied also with circulars. Wholesale Agents—Wells, Richardson & Co., Burlington, Vt., G. C. Goodwin & Co., Boston, J. F. Henry, New York.

Bookbinding.

When we inform our old customers, in Vermont, that our **OLD BOOKBINDER,** who has done work for them, mainly, for upwards of **TWENTY YEARS,** has returned to us, after an absence of over a year, and intends to remain, we feel that we have done all that is necessary to secure all the work which **MUST** be well and tastefully done. We will, however, venture to add that though stock has advanced during the year, yet, on account of the large number of volumes we are able to collect at one time, our prices will be satisfactory to every customer, old and new.

Book Making.

We do not refer now to the *writing* of books; but if any person, whose eye chances to rest upon this, ever has occasion to publish a book, to him we wish to say that we have every convenience for

Stereotyping, Printing and Binding,

In the best manner, and on the most reasonable terms. Nor is that all we have to say about it. It seldom happens that Paper-Making and Book-Making are combined in one establishment. On the other hand, it is much more common for an author to be obliged to buy his paper in one place, get it printed in another, and bound in a third. But we do all these parts of book-making

UNDER ONE ROOF

And under our own special and careful supervision.

Such being the case, we can with confidence invite all persons who wish books made to obtain our estimates before contracting elsewhere.

At the same time it may be well to say that we will do any of the branches of book-making specified above, separately, if parties so choose.

Estimates furnished promptly—in most cases, by return of mail.

Samples of pamphlet work sent if desired—also of Stereotyping. Address

DOWNS' ELIXIR.

When the chilling winds of winter
Howl amid the leafless branches,
When from out the North the Storm King
Marches with his snowy Banners,—
And with fierce and sudden conquest
Lays all summer dead before him:
Every flower and every leaflet
He lays stark and dead before him;
And the singing birds of summer
Fly away from all the Northland,
Where the air seems full of arrows,
Full of sharp and stinging arrows
That will pierce us, if we venture
But to step outside the doorway,
Then Consumption, fell destroyer,
Sallies forth to seek his victims.

Coughs and Colds are his forerunners,
Marking where success is easy;
And, where these are not resisted
But allowed to hold possession,
There Consumption, gaunt and ghastly,
Soon will make his dread appearance,
And will seize his hapless victims.

Would you have a *sure* protection
From this foe, so justly dreaded?
A protection so unfailing
That you need not fear his visits?
Go and Buy some DOWNS' ELIXIR,
Some real N. H. Downs' Elixir;
Made from all most healing Balsams
Found in all the Northern forests,—
Balsams of the Pine and Fir tree:
Made in Burlington—a city
Standing near the Champlain waters;
At one hundred twenty-seven,
Very near the head of Church Street,
By the firm of HENRY & JOHNSON,
Medicine men, well known to many:
And for sale at every Drug Store
Throughout all the frozen Northland.

'Tis a safe and sure protection,
Go and buy it, and be happy.

HENRY'S VERMONT LINIMENT, THE GREAT INTERNAL AND EXTERNAL REMEDY.

Henry's Worm Lozenges are warranted safe and sure, - a white Sugar Drop or Lozenge.

HAIR VINE!

Nature's Remedy!

This Popular Restorative is one of the best preparations known for the Human Scalp. We do not claim it will replenish the hair on bald heads, that has been out for 15 or 20 years, in three weeks or more, nor change to youthful color, those that have become gray from old age. It will do this:—stop the hair from falling out! stop that unpleasant itching that is the prelude of the Hair's Decay! and cure dandruff, and all disease of the scalp.

HAIR VINE

Contains no Lac Sulphur, nor Sugar of Lead, nor any thing that will injure the health. Doctors use it! Clergymen use it! Lawyers use it! Ladies use it!—for it is a good, clean hair dressing. Over 700 bottles sold at retail in two months. I have hundreds of individual and press certificates, but will only annex a few:

The Vermont *Union* of April 14, 1873, says: "The HAIR VINE is a preparation of superior properties."

Honorable J. P. Buckland, of Holyoke, Mass., says: "Head full of dandruff. Tried everything for years Cured by the use of two bottles."

The Hudson *Star*, N. Y., 1858, says: "The HAIR VINE and treatment of its manufacturer have caused the hair to grow on the head of our better-half, where it has been off for years, and we are very thankful."

Remember, those that take care of their hair preserve, in a great measure, their health.

Agents Wanted in Every Town!

Ask your Druggist for it, or send for trial bottle $1. or $1.50 for two bottles. Send stamp for circular.

Central Vermont

RAILROAD.

The Morning Express Train, leaving Boston, arrives at Burlington, St. Albans, Montreal and Ogdensburg the same evening.

The Night Express Train, leaving Boston in the evening, arrives at the above named places the next morning.

These trains connect at Ogdensburg with Trains and Steamers for Toronto, Detroit, Chicago and the West.

Passengers leaving New York via Springfield, at 3.00 P. M., will make direct connections, arriving at Burlington, St. Albans, Montreal and Ogdensburg the next morning. Tourists and Pleasure Seekers will find this route unsurpassed for mountain, lake and river scenery. The valleys of the Connecticut, White, and Winooski Rivers abound in delightful mountain and river scenery. Lake Champlain, and Lake George present the most beautiful lake scenery that the country affords.

Tourists travelling between Saratoga and the White Mountains, can leave the cars at Waterbury, and visit

Mount Mansfield, the most Noted Peak

of the Green Mountains, and find themselves amply repaid by viewing the beautiful scenery from the top of the mountain.

Pullman Palace Cars

Run on Day and Night Express Trains.

The large facilities which this company has for the transportation of freight makes it one of the most desirable routes for local or through (Western) traffic.

THE TWO GRAND GOLD MEDALS

At the Great National Trial, at Auburn, N. Y.

For "*Slow and easy movement of horses*, 15 *rods less than* 1½ *miles per hour ; Mechanical Construction of the very best kind ; thorough and conscientious workmanship and materials in every place ; nothing slighted ; excellent work, &c.*" as shown by official Report of Judges. Threshers, Separators, Fanning Mills, Wood Saws, Seed Sowers and Planters, all of the best in Market. Catalogue with price, full information, and Judges Report of Auburn Trial sent free.

Address, MINARD HARDER, Cobleskill, Schoharie Co., N. Y.

TWO CENTS A BUSHEL MORE. S. W. Meade, Shelburne, Vt., writes about the above Machine, as follows: "It is complete in every respect, and far exceeds my expectation. I could get two cents a bushel more for threshing than other machines. Mr. Homer Goodrich threshed in five hours 280 bushels of oats with it, for which he received $14. It is no uncommon thing to thresh and clean 60 bushels of oats in an hour. For clover or timothy it is equally good."
